FOREWORD

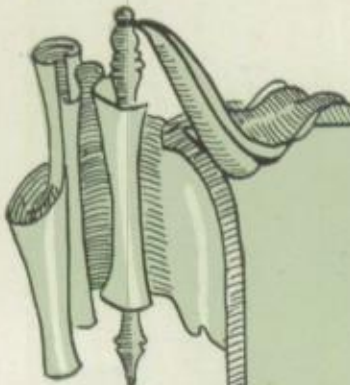

JUST as the historians of old endeavored to record the important events of their kingdoms, we have tried to record simply and sincerely the personnel and activities of the 1926-27 school year.

We sincerely hope that, in the years to come, these pages will serve to bring back to you happy memories of this year in Sunset High School.

Mary B French

DEDICATION

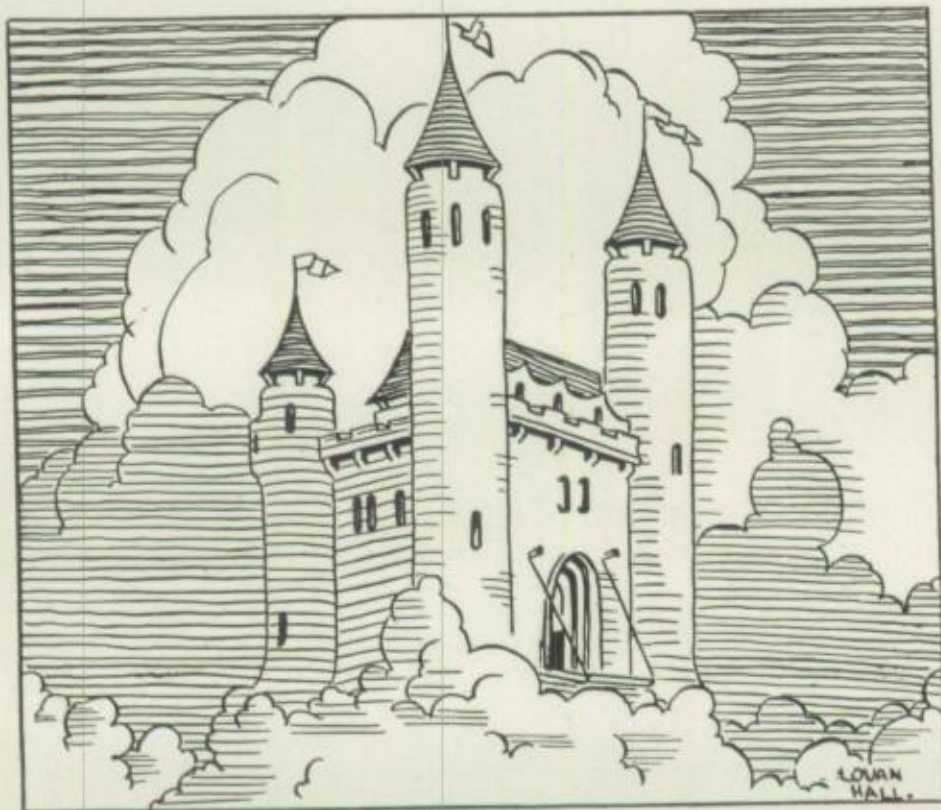

To MR. J. A. WILSON,
our principal, who has
guided the destinies
of Sunset High School for
two years, and whose rare
personality and high ideals
have been an inspiration in
the development of our
school, this second vol-
ume of the Sundial
is dedicated.

KINGDOM / SUNSET

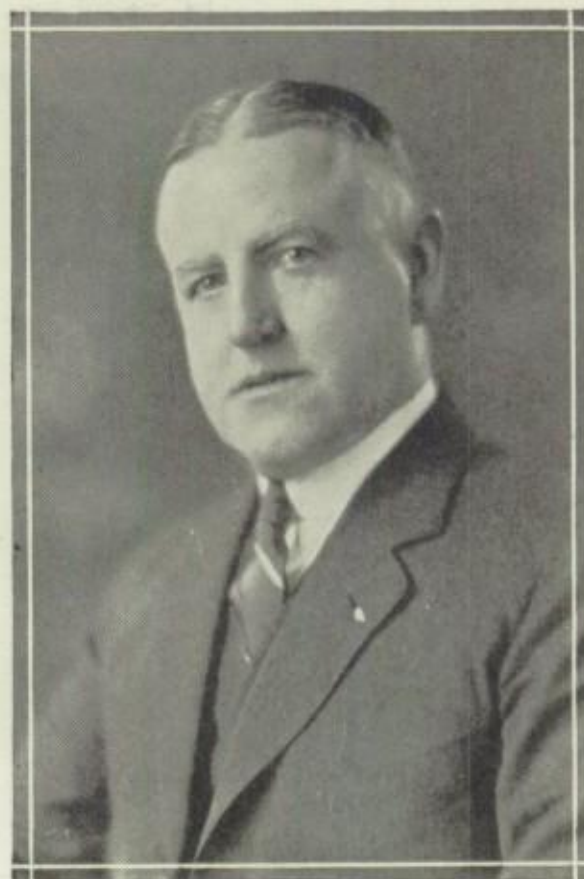

SUNSET has made rapid strides since the beginning of her history, September 21, 1925, in that she has won nine trophies and several first places in contests.

The following trophies were won: Economics Essay, given by *The Dallas Morning News*, won by Helen Crews; Spanish Poetry Contest of 1925, Velma Porter; Camp Fire Girls; State Press Association, 1926, Stampede prize; half-mile relay at Houston; half-mile relay at Greenville; track field meet at Denton; two trophies for rifle marksmanship.

For the following honors no trophies were given: First place in City Extemporaneous Speaking Contest, Hazel McGee; City Boys' Debate, Millard McAllister and Edward Ponder; second place in Girls' City Debate, Margaret Scott and Katheryn Stout; Girls' Division of the Sanger Extemporaneous Speaking Contest, Hazel McGee, and third place in the Girls' City Declamation Contest, Nance Brandenburg.

DURING this year the Mothers' Club of the Parent-Teachers' Association continued the splendid work started in September, 1925. Although a young organization, they have grown rapidly in numbers and in spirit. The organization, as in the past, has had the best interest of Sunset and its students at heart.

During the week of the National Education Association Convention the Sunset High mothers served on the Hospitality, Information, and Courtesy committees, providing homes and transportation for many delegates.

They have helped to further interest in good scholarship by entertaining the Honor Students for the first entire semester with a theatre party, and by presenting a twenty-five dollar Thrift Account to the student in each graduating class making the highest average for the entire four year high school course.

Several students would have had to leave school had our Mothers' Club not provided clothing, lunches, and tuition for them.

For the school itself the club bought shrubs and trees for the grounds, and curtains and draperies for the Domestic Science and Domestic Art Departments.

The annual dues to the Texas High School Press Association for the Stampede Staff were paid, and the members of the staff were presented with pins for their faithful service.

The club presented Mr. Wilson, the principal, with a life membership in the State Congress of Parents and Teachers. They also gave him a pair of Bison book-ends as a Christmas remembrance.

A new department this year was a program for the study of Adolescent Psychology. At each meeting a speaker of national or local importance lectured on some interesting phase of this subject.

THE SUNSET HIGH DADS' CLUB was the first Dads' section of a Parent-Teachers' Association to be organized in Dallas. Seventy-one "Dads" signed membership cards when the club was organized, November 19, 1926. Like the Mothers, the Dads have done much in aiding school activities. We feel that too much praise cannot be given them for their splendid work.

- A is for Agnes, Miss Taylor will 'scuse me I know, for
 B is for Buschman—who some say is her beau.
 C is for Cobb, his head is in air, for his family
 Rejoices o'er the new Cobb that's there.
 D is for D'nsmore; she dins more than she should
 At poor us who don't study—But she is lovely and good (?)
 E is for Earl, he's a jolly good chap,
 But if you're not a bug—You're not on the map.
 F is for Franks—we wonder how he'd look without his
 Dear mustache and an Algebra book.
 G is for Grace—Miss Simpson has it we're told,
 In dishing out history that'd make you grow cold.
 H is for Hackett—whose ancestral line
 Dates as far back as Washington's time.
 M is for Myers. Say this so and so!
 She teaches Public Speaking. Hay! don't talk so low.
 N is for Crozier, N. R. goes before—
 If he starts talking—Please give him the floor.
 O is in Lois—Miss Wythe's given name
 Someday, somehow, history will give her great fame.
 P is for Pantermuehl—also for Plain
 Which Physics *is not*—It's not even sane.
 Q is for quit—Our faculty never would.
 There are many teachers, but only ours are good.
 R is for Ruth—she's bridged many a moat
 Between a student and freedom—by not signing red "note."
 S is for Stagner—his Greek is amazing,
 His mind is too brilliant, his brightness is dazing.
 T is for Taylor? Espanol? ! Oh! Si Si—
 And Spanish is no easy snap—take it from me.
 U is for no one in particular we'll say
 Give Major Burnett the space and call it a day.
 V is for Virginia—Our Mrs. Durrett—Oh, yes
 We have our excuse—It's lying there on the desk
 W is for Wilson—a second Webster is he
 When I know he's to talk I bring my dictionaree.
 X is for nothing—Let Prof. Michels have the space—
 He's something tho', isn't he? But, Oh! what grace.
 Y is for cooking, sewing, and as my dues
 I'm advising you, Miss Wylie, put your talents into use.
 Z is for zest—Sunset High has it no doubt,
 When three o'clock comes—you should just hear us shout.

The Kingdom of Sunset

*In Sunset's merry Kingdom
The folks that are found there
Are quite the best that could be found
Near there or anywhere.*

*There's four quite different classes
Of gentry, we might say,
And each one works to make his group
The best one of his day.*

*But when it comes to spirit,
All join with a will;
It seems as if their mighty shouts
Would all the heavens fill.*

*No matter what their thoughts may be,
"The Kingdom first and last"
Was always, still, and is to be
The aim of every class.*

Grace Simpson
MISS GRACE SIMPSON

To The Seniors of January, 1927

You have reached the goal after eleven years training. Our faith in your future is fortified by our knowledge of your high purposes and fine aspirations while you were in high school. May you achieve that happiness that comes from *service* to the state and to humanity.

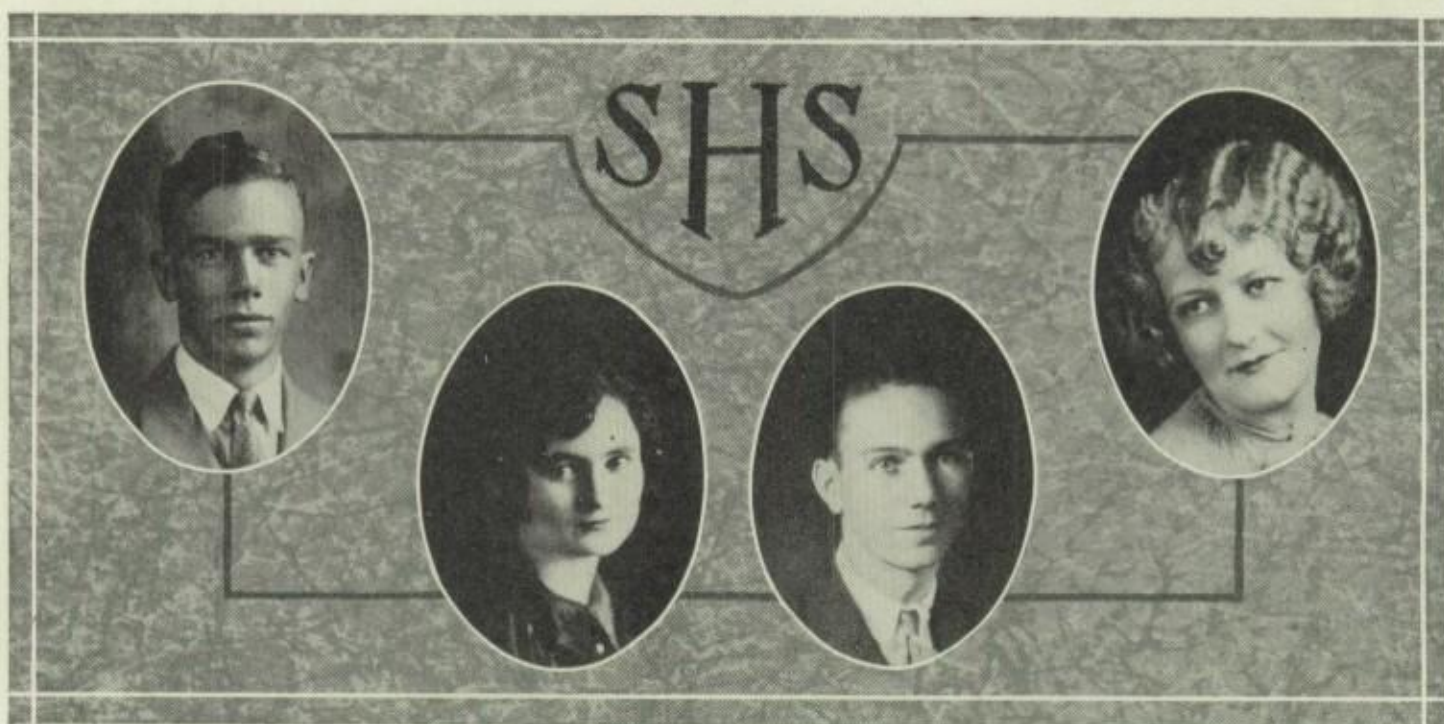

In the new fields you are about to enter remember, "It isn't so much the glory of winning, but the fact you are playing a poor hand well, that makes life interesting."

As sponsor of your class, I found you loyal and co-operative at all times, which has made my association with you pleasant, indeed.

GRACE SIMPSON.

Miss Simpson has been an excellent sponsor. By her untiring efforts to help us and her joy in doing so, she has endeared herself to our hearts. We are glad of the opportunity to express our gratitude and good-will toward her.

*You know in every kingdom
Some folks exceed the rest
In trying to be good and true
And to be termed the best.*

*They rise to heights of glory,
Their fame is spread abroad,
And many are the folks that are
Right willing to applaud.*

*And in each class some few there are
Who, chosen by the rest,
Try hard in many different ways
To fill their group with zest.*

*Of rivalry much could be said,
Within each different band,
But oh! in times of need they all
Shout "Long may Sunset stand!"*

MISS RIPPLE FRAZER

To the Class of June 1927

Class of the school of the setting sun, your sun is indeed about to set on high school life! You have met your pleasures and hardships alike, courageously, happily, and sportsmanlike. This, however, is the sunrise of real life. Greater worlds lie before you to conquer, and as the rays of the old day become dimmer may they lose themselves in the radiance of the new tomorrow.

"We shape ourselves the joy or fear
Of which the coming life is made,
And fill our future's atmosphere
With sunshine or with shade."

—RIPPLE FRAZER.

To Miss Frazer, our sponsor, the June class of '27 wishes to express its appreciation of her kind and sincere attitude toward its members. She has been an important factor in aiding us to gain the goal which we have worked for four years to attain.

Crack Company '24; Band '27; Debate '27.
In Comer Sunset found not only a good debater but a talented actor also.

HOLLIS BRADLEY

State Competitive Drill '24, '25, '26; Camp Dallas '24, '25; R. O. T. C. Minstrel '26; Hi-Y '25, '26, '27; Golf Team '25, '26, '27; Journal, Jr. Staff '27; Sundial Staff '27.
Dry humor and nimble wit have placed Hollis up the ladder of school activities.

GRACE BRETT

A true-blue Girl Reserve. Grace always puts her whole heart into her work.

RAYMOND BRITTAIN

Crack Company '25.
The girls all envy his coal black hair. He is reserved and dignified.

BLANCHE BROWN

May Festival '24, '25; Class President '24; Vice-President '25, '26; Girl Reserve '25, '26; "Seventeen" '26; Sundial Staff '27.
Witty, winsome, and winning,
But that's not even the beginning.

GLENNYE BROYLES

Bubbling with giggles and radiantly bright.

CARROLL BRYANT

Crack Company '24, '25; Sundial Staff '27. Our future journalist; what would the Sundial have done without its sport editor?

KATHLEEN BUCHANAN

Spanish Club '23, '24; Pep Squad '23; Girls Gym Club '23; Home Economics Club '26; W. W. Society '26.

Pretty and pleasing? Well, we should say so!

FRED BUFORD

Crack Company '24, '25, '26, '27; "Why the Chimes Rang" '27; Hi-Y '26, '27.

A nice fellow and one of our nifty R. O. T. C. officers.

EDWIN CHALK

Sabinal Tennis Team '24, '25. Brain and a friendly disposition—a splendid combination.

CECIL CONYERS

Home Economics Club '24. Loyalty, ability, and constancy to duty are certainly Cecil's qualities.

JOE COOPER

R. O. T. C. '24, '25; Football Team '25, '26. One of our greatly admired football heroes.

OLIVE JANE DAVIS

Glee Club '23, Pep Squad '23, '24; Flashlight representative '23. Quite expressive is Olive Jane. And also a "classy" little dame.

ELSIE DeWITT

Girls' Glee Club '27. Terrell High certainly sent us a sweet little "miss".

NELL DAUGHERTY

E. E. Club, May Festival '23; Sundial Staff '25. One of the "Gold Dust" twins. Nell's gay laughter will be greatly missed at Sunset.

MARY EVELYN DU BOIS

Spring Festival '24, '25; Spanish Club '26; Representative 1A Class; Kliff Karnival '24; Representative 3 A Class Sunset Karnival '26; W. W. W. Society '27. The girl with an ever-ready smile.

ELOISE DUNAGAN

W. W. W. Society; Spring Festival '24, '25; Social Committee 4 B Class. "Sweetie" is all her name implies, and more too.

DOROTHY ESTES

Girl Reserve '23; May Festival '23, '24; W. W. W. Society; Social Committee 4 B. She is a student that believes in looking on the sunny side of life.

To My 3-A Class:

IT was with misgivings that I accepted the sponsorship of the 3-A Class this year, since I was a stranger not only to the French department but to the student body of Sunset High School as well.

My fears were allayed, however, when I caught the spirit of friendliness which was emitted by the 3-A Class. I feel that however much or little I may have done for the class has been returned to me a thousand-fold by the inspiration and pleasure it has been to me.

To the 3-B Class:

AS sponsor to the 3-B Class of Sunset High School during the first Semester of the year 1926-1927 I wish to say, "I most heartily enjoyed my relations with this group."

May they go on in the same spirited way to make Sunset a lasting memory on which they shall always love to linger.

To the 3-B's:

YOUR high school work will soon be done. Strive earnestly to create in your group a high degree of class loyalty. Thus you will have in your Senior year a class ready and able to render apt service to your Senior problems and splendid loyalty to the school. Make your class the best of all Senior classes and so help to build Sunset into the best of all schools.

W. D. FRANKS.

BELIEVING in the eternal youth, it is a pleasure to add my "bit" to the preservation of the youthful spirit which is always found in the "Fish".

Realizing that all we send into the lives of others comes back into our own, it is my desire to help each member of our group to realize more fully that the Past and the Present is their heritage, that the Future is laid in their control, and no matter what their name or age, they are a Master Soul.

What Constitutes A School?

*"Nor ancient halls and ivy-mantled towers,
 Not spacious pleasure courts,
 And lofty temples of athletic fame,
 Not fashion, nor renown
 Of wealthy patronage and rich estate;
 No, none of these can crown
 A school with light and make it truly great.
 But masters, strong and wise,
 Who teach because they love the teacher's task,
 And find their richest prize
 In eyes that open and in minds that ask;
 And boys and girls with hearts aglow
 To try their youthful vigour on their work,
 Eager to learn and grow,
 And quick to hate a coward or a shirk;
 These constitute a school—
 A vital forge of weapons keen and bright,
 Where living sword and tool
 Are tempered for true toil or noble fight."*

The Stampede

DOES not Sunset High have good reasons to be proud of its monthly magazine? In promoting school interest, the Stampede has taken an important part. Through contributing material to the magazine the students have been given the opportunity to do something for their school. This, of course, aided in the development of school spirit. Due to the efforts of the Stampede, literary talent as well as art talent has been discovered. Thus students who wanted to have a part in some school activity were given the opportunity to prove their abilities.

In December, 1926, during the annual meeting of the Texas High School Press Association at Belton, the Stampede won first place for being the best edited monthly. This was, indeed, an honor and we are very proud of the beautiful loving cup, presented by the Southwestern Engraving Company, which the Stampede representatives brought back with them.

As one of our school pioneers, the Stampede has been an important factor in the development of Sunset. Due credit should be given the sponsor, Mrs. Kyle B. Price, and the magazine staffs for both years, who worked so earnestly in order that the Stampede might prove a success.

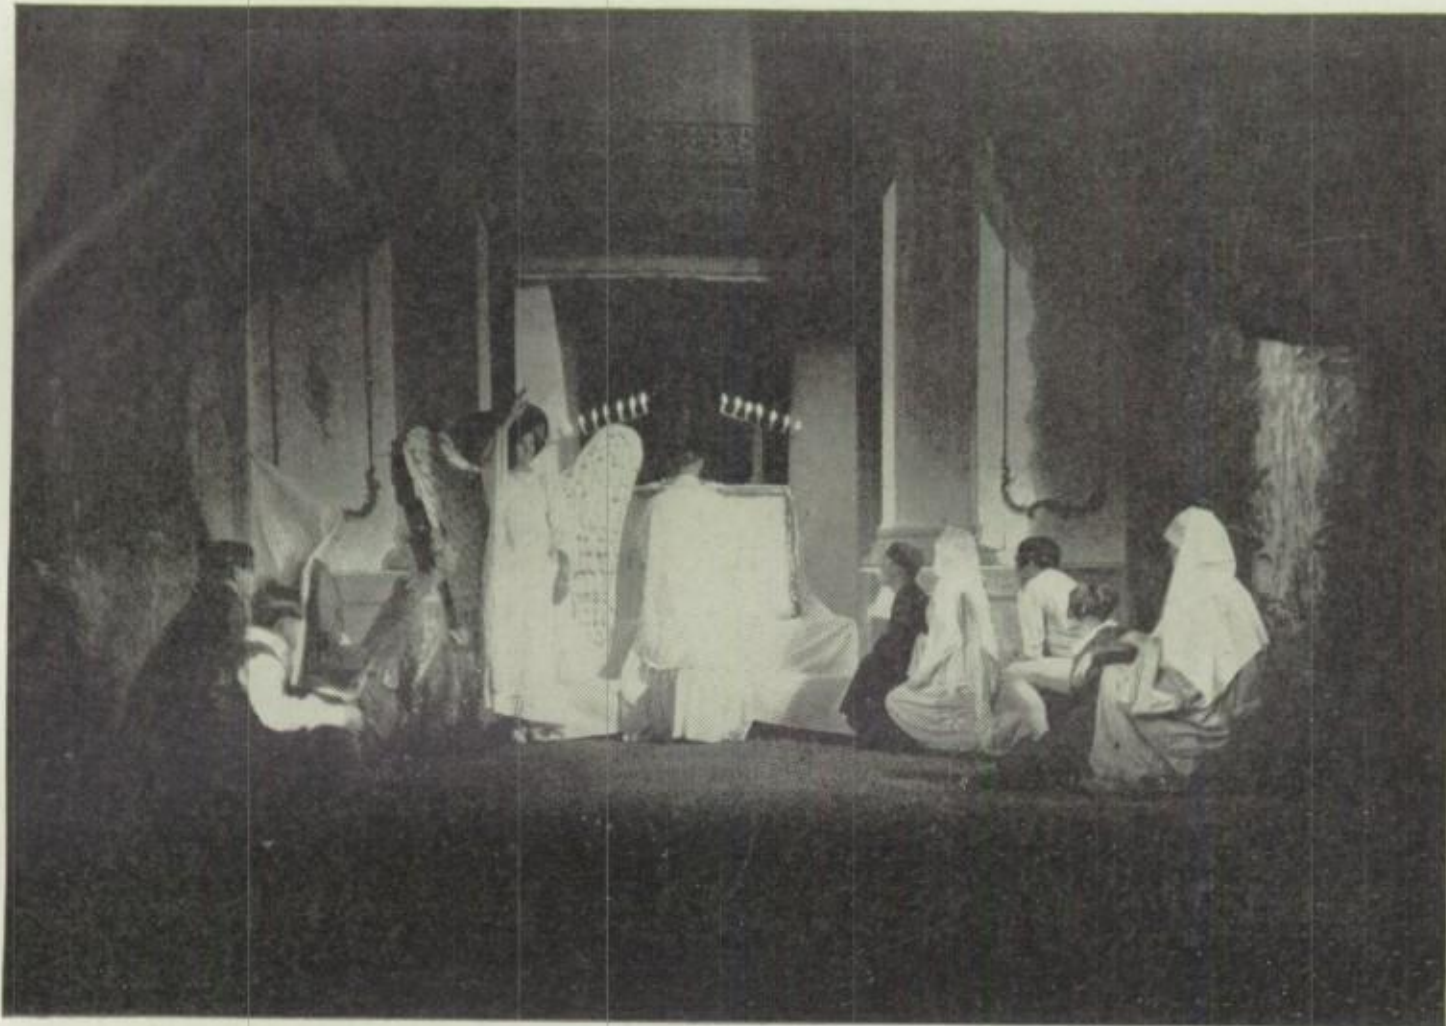

The Public Speaking Department

"WHY THE CHIMES RANG"

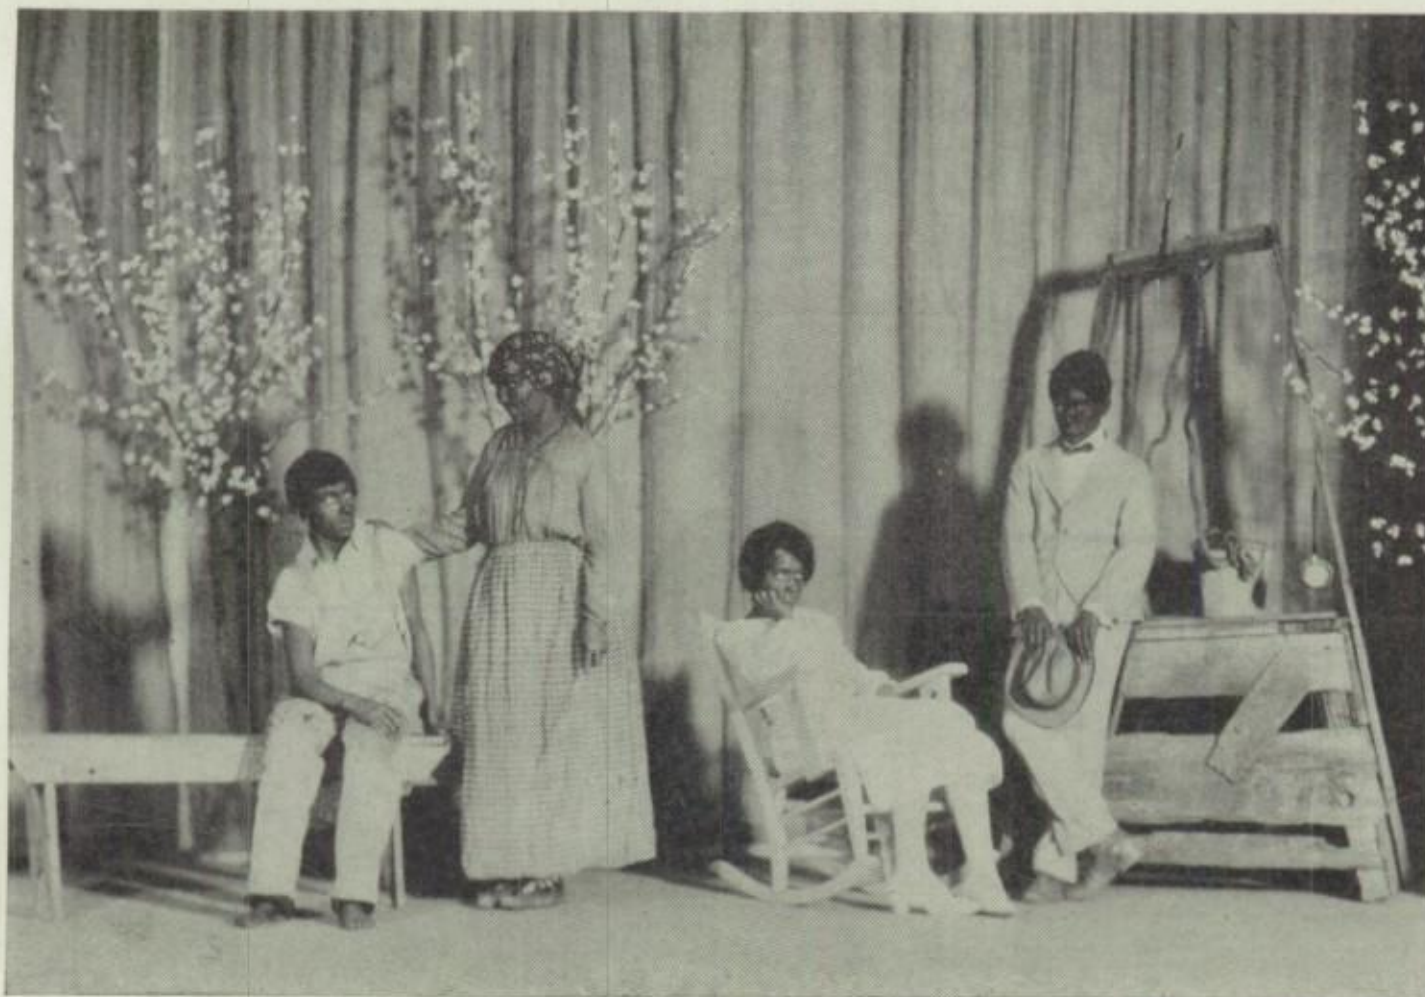

"Why the Chimes Rang," an appropriate and impressive portrayal of the true Christmas spirit, was given by members of the Public Speaking Department, directed by Miss Goldeth Myers, in the Christmas assembly.

The story of the play dealt with how Holger, who had remained at home Christmas Eve with a poor woman, saw, in a vision, riches, beauty, fame, and scholarship brought before the king; but only when he gave his own last centime did the chimes ring.

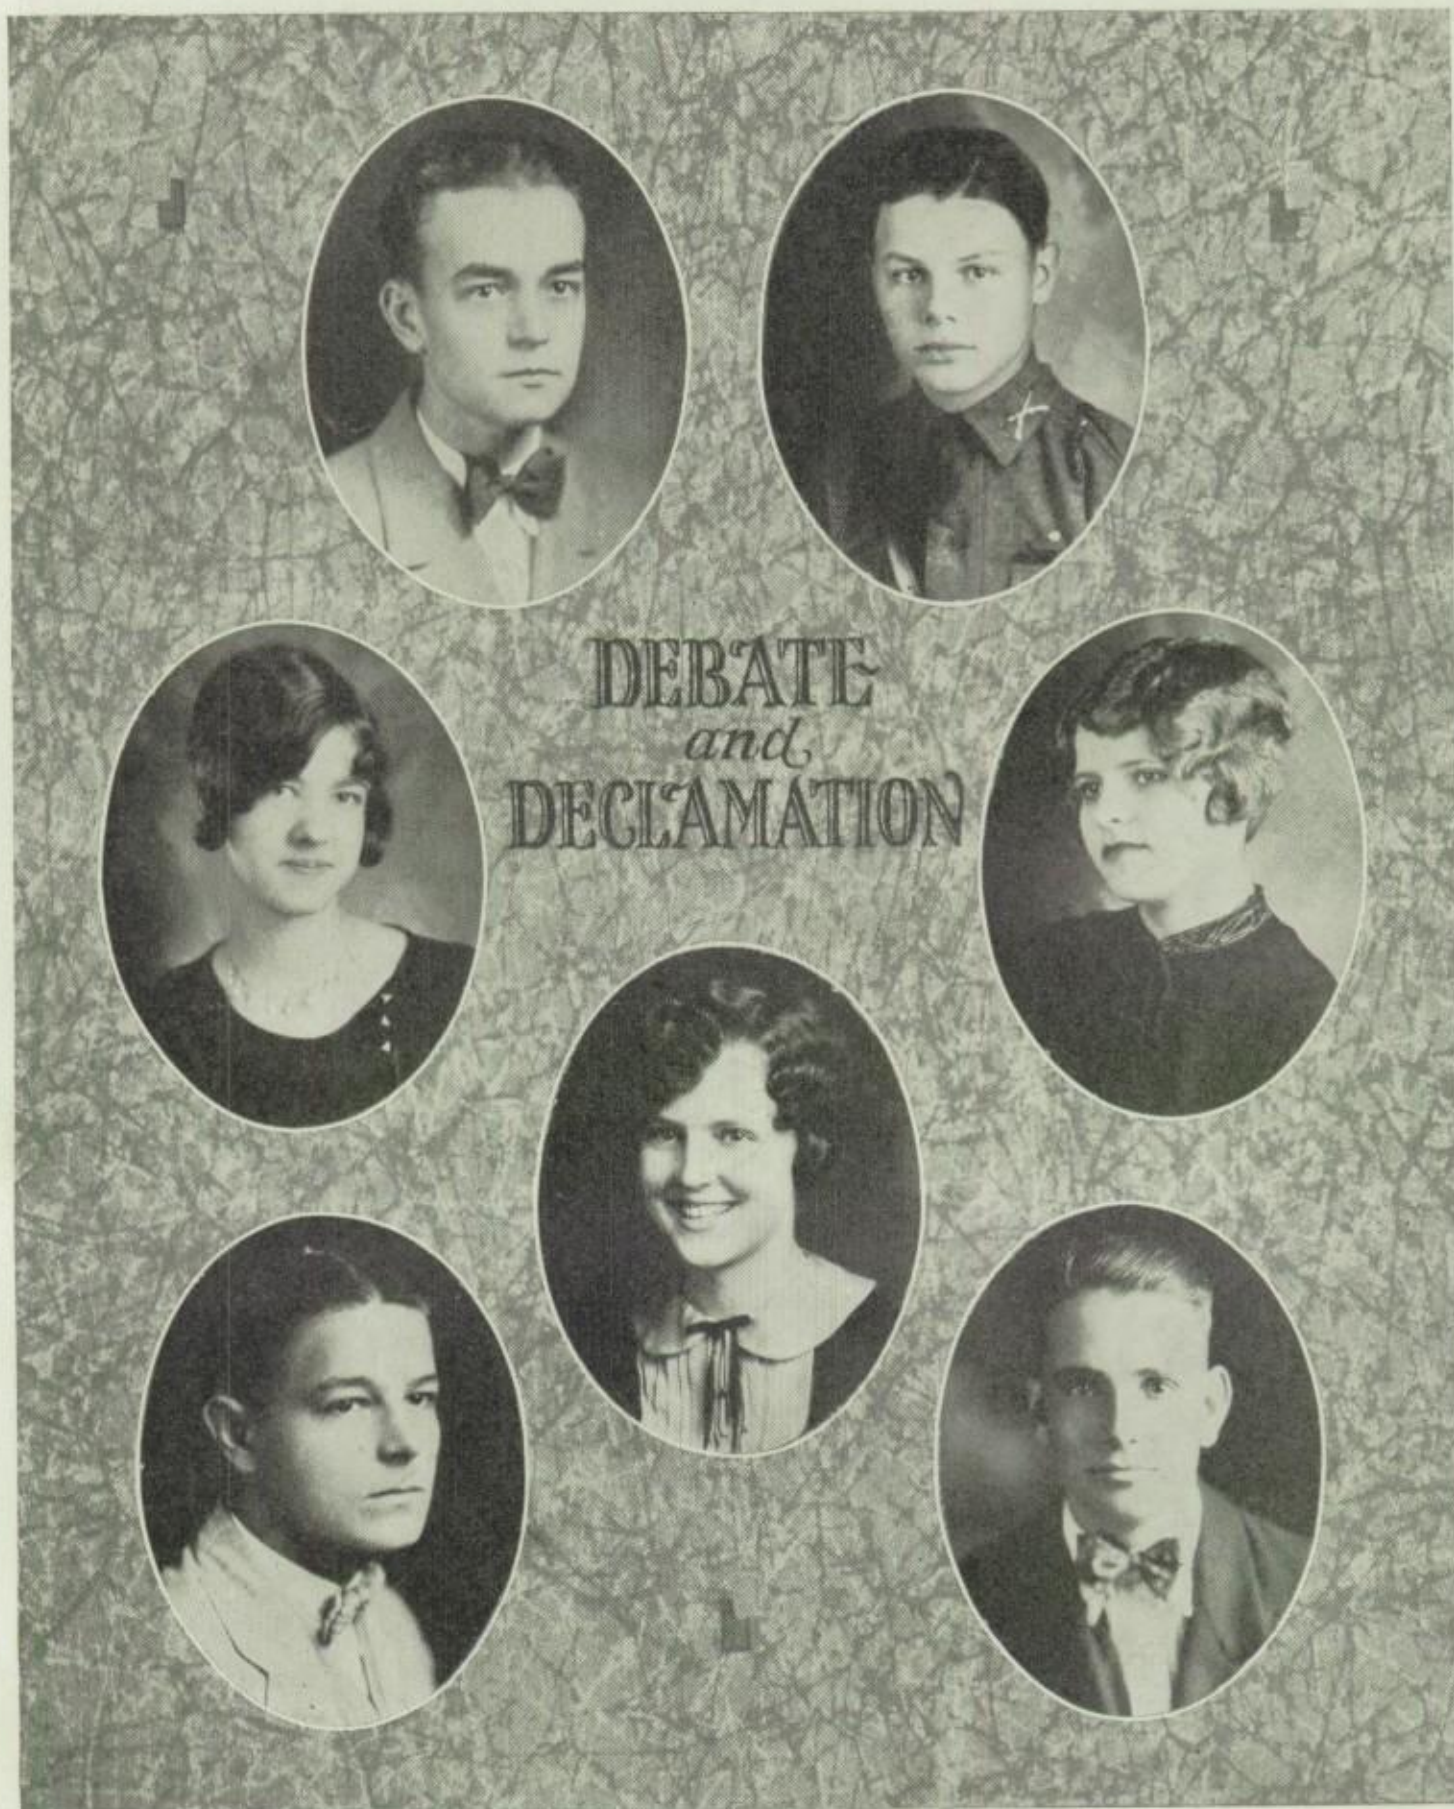

The cast included Holger, Velma Porter; Stein, Walter Gowdy; Uncle Bertel, Arthur Van Arsdale; priest, Clarence Pell; angel, Mary Bea French; old woman, Margaret Morrow; king, Fred Buford; old scholar, Charles Stampley; beautiful lady, Lucille Lanius; sweet girl, Vera Mae Waits; rich man, Lyle Porter; courtier, Shirley Griffin.

Public Speaking Department

THE development of the public speaking department during this year can best be revealed by a review of its attainments and enterprises.

The year's work opened on October 12, with a program advertising the Stampede. In pantomime, the various cuts and parts of the magazine were represented effectively.

An Armistice Day assembly augmented the reputation of the department.

One of the most significant events of the year was the production of "Seventeen", given on November 22. The success of the performance set a standard for the future. The cast consisted of "Willy," played by David Lacy; "Lola Pratt," by Norma Waller; "Jane," by Velma Porter; "Mr. Baxer," by Clarence Pell; "Mrs. Baxter," by Miss Myers; "May Parcher," by Jetta Surles; "Johnnie Watson," by Keith Smith; "Joe Bullitt," by Comer Bishop; "Genesis," by Millard McAllister; "Mr. Parcher," by Clyde Harrington; "Mary Brooks," by Dora Lee Prophet; "Wally Banks," by Lyle Porter; "Ethel Boke," by Blanche Brown; and "George Crooper," by Henry Mays.

A Thanksgiving assembly, and the Christmas play, "Why the Chimes Rang," concluded the eventful career before the holidays. The department was further honored by having a part in the Christmas Little Theatre production.

The semi-annual banquet was given in the Blue Room of the Y. W. C. A. in January, with a bit more than its usual success.

In the attainments of the department should be mentioned the beginning of a costume chest. The impediment of the lack of materials, with which every enterprise is confronted, will be wiped out gradually as the chest increases.

A foundation of formidable strength was laid by the department last year, and their successors have not only broadened that ground but have added a permanent step towards fullest achievement.

One Act Play Contest

The play for the One Act Play state contest, selected by Miss Myers, instructor of Public Speaking, was "The No 'Count Boy." This play has won the favor and sympathy not only of all who have seen it, but also of the judges who awarded it, given by the Dallas Little Theatre, first place in the Belasco Tournament in New York in 1925.

The roles and their players are as follows: The No 'Count Boy, Jack Adams; Pheelie, Dorothy Frances Buford; Enos, Edward Jennings; and the old negro mammy, Louise Walters.

Everyone talented in this line was qualified to enter the tryouts, and those fitting the parts as to height, weight, and ability to speak the prevailing negro dialect, were selected to represent Sunset. This is the first contest of its kind to be held in Texas.

Physical Training

THE gymnasium classes of Sunset High School are carried out on a progressive basis.

The Freshman classes are devoted largely to calisthenics. In the Sophomore year, folk dances and exercises which are conducive to attaining good posture are taken up. The advanced classes, composed of students beyond their second year, are divided into three groups. The first and second groups have taken up a study of various competitive games. The first section, however, is specializing in one game, basket ball. The third group has taken up an intensive program of hiking and swimming.

In some of the classes personal hygiene is being studied. In this phase of work library material is required and the pupils are able to secure the subject matter from the school library.

Various classes are engaged in volley ball and baseball tournaments. Twenty volley ball letters and eighteen baseball letters were awarded to girls on the winning teams.

The outstanding event in the gymnasium department this year was Posture Week. Ernestine Lee was chosen as Posture Queen for having the best posture in school. Thirteen girls were chosen as the queen's attendants. The queen was crowned at a matinee dance held in the school gym.

The Spanish Club

THE Spanish Club, under the sponsorship of Miss Mabel Taylor, has been unusually active. There have been a radio program, banquets, a skating party, a visit to "Little Mexico", and various other functions of minor importance.

To be a member of the club, one must be either a junior or a senior in Spanish. There are about thirty members in the club. The officers were elected in the following way: the president and first vice-president were chosen from the senior class, the second vice-president and secretary, from the junior class. The Stampede reporter was elected from the senior class.

The club was unusually fortunate in having for its president Miss Elizabeth Lawton, who has had the good fortune to live in Mexico for twelve years.

The radio program, which was given December 10, was very successful. Several popular songs, brought back last summer from Mexico by Miss Taylor, were sung. Talks were made by the president and one other member of the club.

Sunset entered Miss Nina Louise Day in the Spanish Poetry Contest. Although we were not so fortunate this year in the results of the contest as we were last year, Miss Day certainly deserves our praise.

In the two years that the Spanish Club has been organized, rapid strides for improvement have been made and its activities mean much to our school.

The French Department

NO ONE can be truly educated this day and age without a fair knowledge of the French language. Perhaps that is why the first year French class has labored so industriously over their texts. And, too, they find a mighty fine inspiration in Mrs. Smith, their teacher, who works overtime to impart to them this most valuable information. The class has accomplished quite a bit so far as home-room work is concerned, also.

The higher classes have shown, by their outside reading, how deeply interested they are in the study of French. "Le Petit Journal", an entirely French paper, is found to be both interesting and beneficial to these aspiring young ladies and gentlemen. Other very interesting studies carried on by the upper French classes are those of the history and geography of France, and the customs of the French people. These studies are made in conjunction with their regular work, and the learning of French songs and poems. In these classes certain days are set aside for conversational lessons. During this time a fine is exacted for every English word spoken.

The French Department does not believe in all work either. This club is divided into two groups—a Junior and a Senior division. In December the club gave a Kid-Party for the football players. So successful was this entertainment that everyone went away declaring the French Department quite the finest hosts in school. What wonder that such was the case when we take into account the numerous speeches made by unexpected orators and the stage ability of the French Department members!

In February the Senior French Club went on a hobo picnic, and in March the grand Mardi Gras Carnival was staged by the whole Department. April was the month for the big Easter egg hunt. And of course May came around with another nice surprise. Of all the months for sure enough picnics, May takes the lead! After the picnic there was a big swim.

Perhaps the most solemn function of the entire year was the impressive ceremony held at the initiation of the Freshmen into the mystic secrets of the Junior section of the French Club. After the initiation program the new members of the wonderful order gave a treat to the older members. It is the unanimous desire of the Club that such actions may become a part of their organization's regular schedule.

Enough cannot be said in praise of Mrs. Smith, who has done so much, in this one short year, really to establish this section as one of the leading units in the educational and social life of Sunset.

Sunset Golf Team

THE members of the Sunset Golf Team are Hugh Carpenter, captain, La Fayette Franks, Gus Moreland, Alfred Libby, Ed Orman, and Hollis Bradley. Dennis Lavender was a member of the team until he graduated in mid-term.

The Sunset Golf Team had a very successful season in that when this Annual went to press it had won thirteen straight matches and lost none. In winning these thirteen matches the team won eighty-four points and lost only seventeen to lead the league by five points over the second place Bryan team.

HUGH CARPENTER, *Captain*

Hugh is a very consistent golfer and is conceded to be the best player on the team. He shoots a consistent game in the medium and low seventies. Hugh holds the course record of sixty-two on the tricky Stevens Municipal Course. He was on the team last year and graduates in January, '28.

GUS MORELAND

Gus is a good golfer of the type that seems to develop over night. He shoots consistently in the seventies and is the Cliff Dale Country Club champion. In the two years that Gus has been playing golf he has developed into a very good player. He will be back next year.

LA FAYETTE FRANKS

La Fayette is of the type of golfer that shoots his best when under pressure. He is slightly radical, as most golfers are, but when needed he can shoot in the low seventies. He has lost only three points to date. He was a member of the team last year and will be back next year.

ALFRED LIBBY

Alfred did not get on the team until the season was well under way, but he showed his ability as a golfer in the matches he played in. He was a member of the team part of the time last year and will be back until June, '28, when he graduates.

ED ORMAN

This was Ed's first year on the team but he showed his worthiness by helping to win many points when they were needed. With a little more practice and experience Ed should develop into an excellent golfer. He will be back next year.

HOLLIS BRADLEY

In Hollis, Sunset will lose a very valuable golfer, who will have completed his second year on the team before graduating in June. Hollis is the only member on the team who has to his credit a hole-in-one, having made one at Stevens Park Golf Course last summer. He has a remarkable record this year, having won thirty points and lost only two to date.

Hi-Y

THE association of boys, upper and lower classmen, known as the Senior and Junior Hi-Y Clubs respectively, is primarily concerned with "creating, maintaining, and extending throughout our school and community, the highest standards of Christian character".

The Junior Hi Club is a product of the Senior Club, having been organized and sponsored by specified members composing a committee. The Senior Hi-Y Club of Sunset has been very fortunate in having Mr. J. W. Pender for its sponsor. His previous experience in boys' clubs has proved invaluable in the way of increased efficiency and interest.

The football banquet was the first joint program held honoring the football teams of all the Dallas high schools. It is an annual function encouraging fair play and honest effort on the athletic field. Then the Father and Son Banquet was given, at which the relations arising between the two were discussed. This was followed by the Alumni gathering several weeks later, during the holidays. Other joint-meetings featured a speaker who talked on every day practical subjects relative to boys—their interests and aspirations.

The Sunset Club has enjoyed programs of varied nature, including Bible study and socials. As a result, the year 1926-27 was characterized by willing participation of every member in the activities.

Girl Reserves

The Girl Reserve Code

As a Girl Reserve I will be—

Gracious in manner
Impartial in judgment
Ready for service
Loyal to friends

Reaching toward the best
Earnest in purpose
Seeing the beautiful
Eager for knowledge
Reverent to God
Victorious over self
Ever dependable
Sincere at all times.

"TO FACE squarely the daily tests which come at home, in school, at work, at play; to be a friend to all and to strive to show Christ's love in every little deed; to give the best of self in service to God and in fellowship with girls everywhere, are golden threads woven through the fabric out of which a Girl Reserve fashions her thoughts and actions."

These are the ideals which the Girl Reserves of Sunset have tried to live up to during this year. They have striven especially to foster the spirit of friendship not only among the girls of the club, but among the girls of the entire school; for it was this gift of friendship that the Sunset Girl Reserve took to the Girl Reserve Conference at Bachman's Dam last May.

At the meetings, which were held each Wednesday afternoon, the project plan of programs was tried out for the first time in Dallas and proved very successful. By this method subjects in which the girls might be especially interested were studied, three or four meetings being given to each subject, or project, as they were called. The four principal projects were "The Charm School", "The Principal Religion of the World", "Nature Lore", and "Know Your City."

The S. F. S. Club

THE S. F. S. Club was organized by a few lively girls from the 4B class in order to pep up the group. The club is fully capable of bringing out the spirit of the class because the girls are all full of pep.

Rules were made which are obeyed by all. The new members are nominated, investigated, voted in, and then initiated; therefore the girls are very carefully selected. A social is held at least once a month.

A party was given at the home of Erin Cook to initiate the new members. Everyone had a good time but the charter members seemed to enjoy it best. The initiation rules were carried out strictly and fine sportsmanship was shown by all the new members.

The club had a cold drink booth in the "Gym" Saturday night, March 12, at the Carnival. This booth seemed to be appreciated by the dancers more than anyone. The booth was decorated with blue and silver paper, which are the colors of the club.

The girls have pins which are very attractive.

Mrs. Smith was chosen sponsor. She is full of pep and enthusiasm, and makes a wonderful sponsor.

The W. W. W. Society

AMONG the first of the clubs at Sunset High was the W. W. W. Society, organized by a few girls of the Senior class. This club was to be not only select but also traditional; therefore a few girls from the under class were elected in to continue the club as a school activity when the Seniors left Sunset. For the past two years the girls of the W. W. W. society have enjoyed a membership in a peppy society of girls who are out for clean fun and youthful activities.

The officers for this year are as follows: Hortense Looney, president; Jeanne Cottingham, secretary and treasurer; Jetta Surles, social chairman. Mr. Buschmann is their sponsor, and Mac Coker their mascot.

Among some of their social functions are recorded several bridge luncheons, skating parties, horse-back rides, and some real peppy dances, the most important of which was given by Mrs. Coker for the girls and their escorts at the Athletic Club.

The W. W. W.'s all leave Sunset with the sincere hope that sixteen more wide awake girls will continue their club next term and carry the W. W. W. society members to many more glorious good times.

ACT I

MR. HENRY J. SHERMAN, wife, and daughter, of Kewanee, Illinois, are stranded on the Rock of Gibraltar as a result of the beginning of the World War.

When they have been there only a few hours, they discover that Willie Kimball, also a native of Kewanee, is being held on the rock because of lack of funds. Kitty Sherman and Willie at once renew their old comradeship.

Lady Crandall, wife of the governor general of Gibraltar, then appears in the role of a "friend in need".

Miss Jane Gerson, foreign buyer for a New York department store, who has only lately arrived from Berlin, appears at the hotel. She intends to stop there, but Lady Crandall, being herself an American, yearns for the companionship of the young American girl and promptly takes her to her home, but not before she has met Captain Woodhouse of the Signal Corps, who is supposedly just in from Egypt, but whom she had met in Berlin three weeks before. Woodhouse pretends not to recognize her and when they are alone he is called upon to explain, but Jane remains unconvinced.

After the guests have all retired, Almer, the hotel keeper, who is also a German spy, with Woodhouse, makes plans to blow up the British fleet which is anchored there, and gives him the plans to Room D of the Signal Tower.

ACT II

General Crandall, governor general of the Rock, appears and is warned of Woodhouse by Capper, who is a drunkard and an outcast of his own people, but who was formerly attached to the Brussels Secret Service. The General is greatly disturbed.

Jaimihr, the Indian servant of the household, is sent to search Woodhouse's rooms. Jaimihr is also a German spy. Crandall then questions Miss Gerson, but learns nothing.

Miss Gerson and Woodhouse meet alone and Jane warns Woodhouse

of his dangers. Captain Woodhouse and Miss Gerson seem to have fallen in love.

Jaimihr completes his search and returns with the plans of Room D, which he has found in Woodhouse's rooms at the barracks. Jaimihr and Woodhouse unexpectedly meet alone and are engaged in a quarrel when General Crandall enters. Jaimihr lights a cigarette for General Crandall with the plans of the signal tower and thus they are destroyed.

ACT III

By the strategy of Jaimihr, he and Woodhouse again meet alone and quarrel, but are interrupted by the entrance of Sherman, Kimball, Reynolds, and General Crandall.

The men have a friendly discussion until the ladies arrive.

Major Bishop, of the General's staff, is sent for, and General Crandall sends him down the rock with Woodhouse as a guard.

After everyone has retired for the night Jaimihr slips into the library and opens the safe. He is surprised in the act by Miss Gerson. The noise made by these two arouses General Crandall, and he appears on the scene. He is very indignant and accuses Miss Gerson of robbing the safe. He, however, cross-examines Jaimihr, who becomes excited and draws a gun on Miss Gerson and the General.

Jaimihr then calls Woodhouse at the hotel and orders him to proceed at once to the signal tower and blow up the ships. But Woodhouse, instead of going to the signal tower, goes to the home of General Crandall. When Woodhouse arrives he disarms Jaimihr by a bit of strategy and places him under arrest. Woodhouse then explains to General Crandall that he is a member of the British Secret Service, who had come to Gibraltar to capture Almer and the Indian.

Evidently he doesn't have to explain to Jane, because as the last curtain goes down they are seen in a loving embrace.

SYNOPSIS

Ned Pembroke, a reckless and wealthy youth who has written ardent love letters to Vera Vernon, a designing chorus girl, wishes to get them back so that he may propose to Daphne.

George Howell, Ned's attorney brother-in-law to be, after having secured the love letters from Vera by pretending to make love to her, gets his hand-bag mixed up with the grip of a burglar who has just stolen a valuable necklace from the mother of the indiscreet youth.

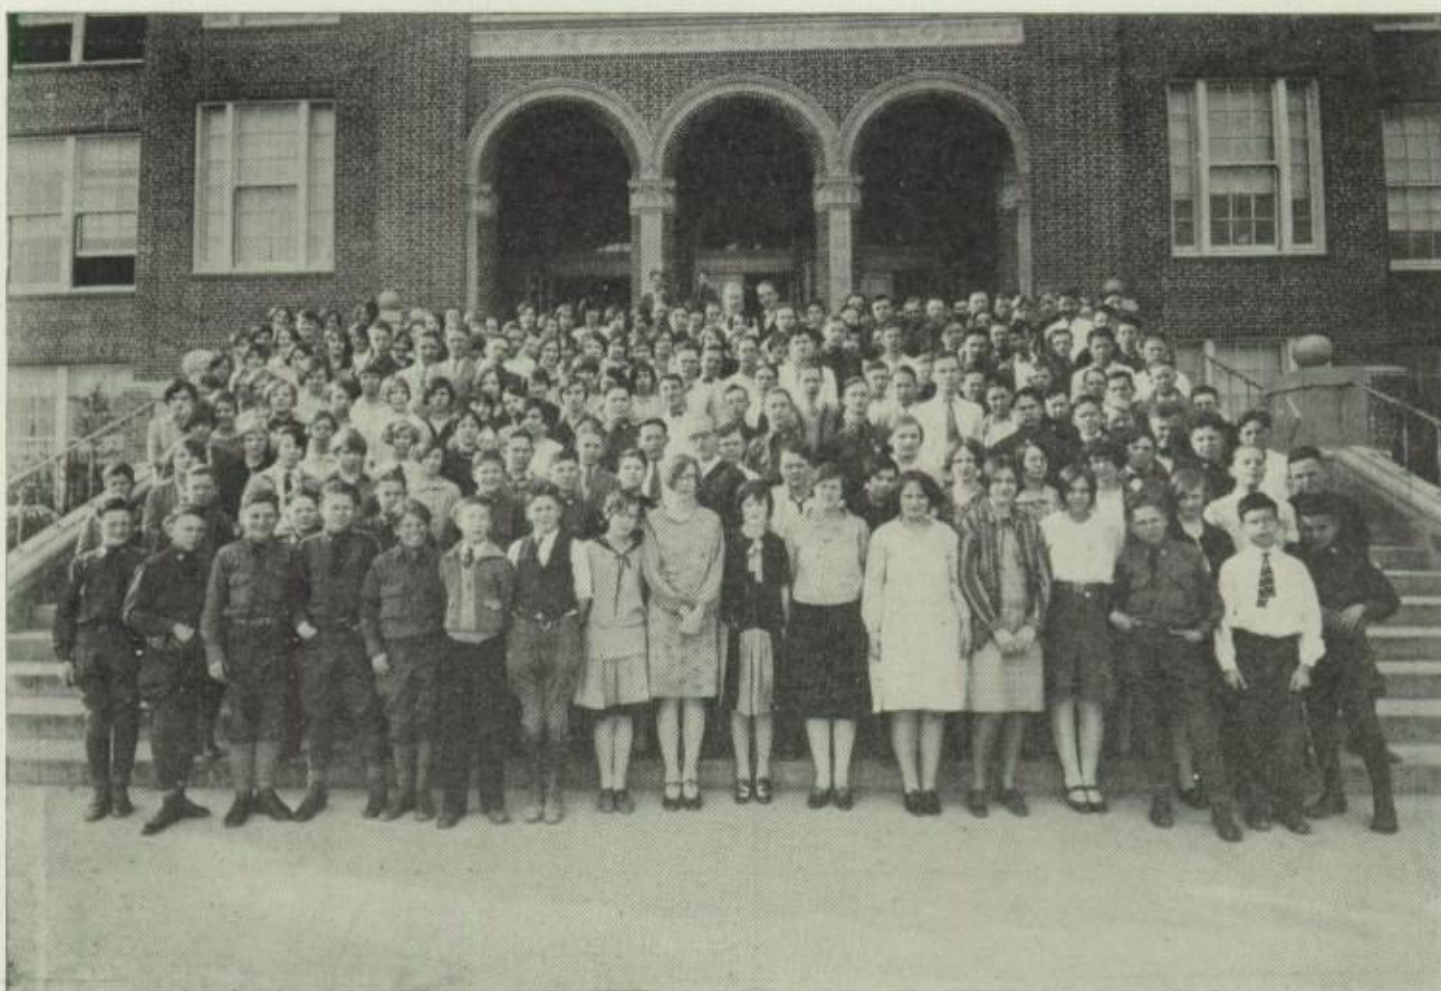

In the meanwhile Tilly, George's wife, has been discussing, with Parkes, the butler, and Susie, the maid, the strange so-called business trip on which George has gone. Mrs. Winnecker, Tilly's aunt, and Daphne, Tilly's sister, arrive from Yonkers and join her in conversation about George's trip and also about the theft of Mrs. Pembroke's jewels.

George arrives, and is greeted by Ned, who has been waiting for him. Ned, being assured that George has the letters, proposes to Daphne. In the meanwhile Tilly finds the stolen necklace in the grip and writes Mrs. Pembroke a telegram telling her to come at once and get the jewels. Susie steals the jewels and phones the police, hoping to receive a reward. Then King, the burglar, comes and he and George exchange grips.

Ned finds out that the letters have been taken out of the envelopes, and King finds out that the jewels are gone from his grip. The police arrive and won't let anyone out of the house until the sergeant arrives with a search warrant.

Mrs. Fleming, the owner of the apartment, arrives, much to the disgust of all, and then to the horror of Ned and George, Vera Vernon comes, telling all about Ned's and George's affairs with her. Ned explains to Tilly and Daphne that he had sent George to see Vera so that he might get the letters back and marry Daphne.

In the meanwhile, King, through much persuasion and after the whole household had gone through much excitement and worry, finally gets the jewels from Susie and receives the thousand dollars reward from Mrs. Pembroke. King gives Ned his love letters and he and Vera leave. And not until King had gone did they realize that he wasn't a detective but a crook, by looking at his badge he had dropped, which read—"Official dog Catcher."

The Latin Club

A SODALITAS LATINA was organized February 15 by the Latin pupils of Sunset High School. The club is under the supervision of Misses Helms and Edwards, and its purpose is to promote a better comradeship among the Latin pupils as well as to create a greater enthusiasm for the study of the Latin language and literature. Many social activities are already being planned along with programs of inspirational nature.

Much campaigning was prevalent among the students during the earlier part of the day, previous to the election of officers, resulting in much enthusiasm during the election. After many discussions as to the qualifications of the candidates, the following officers were elected: Hurst Sutton, president; Reginald Williams, vice-president; Ethel Bailey, secretary and treasurer; Marie Stout, reporter.

Scholarship Club

ARE you a member of the Sunset Scholarship Club? If not, you'd better join next year and be in on the good times.

A special assembly was held Thursday, January 13, in honor of this group. Dr. Crozier spoke on the subject of Scholarship. One hundred and thirty students with an average of 90 and no grade lower than 80, sat on the stage.

Evelyn Mae Coffey gave a piano solo and Jennie Ella Brown gave a reading. Mrs. W. C. Emerson, president of the Sunset Parent Teachers, expressed the appreciation of the P. T. A. for the good work of the Scholarship Club and announced that plans were being formulated for entertaining the honor students.

These plans were carried out on March 11 when the P. T. A. gave a theater party at the Circle Theater for sixty-seven students who had been on the honor roll for three divisions. The students were dismissed from school at one o'clock and went at once to the Circle, where they enjoyed to the utmost the comedy "The Better 'Ole". Surely the mothers made a wise choice in selecting entertainment.

As the Sundial goes to press, plans are under way to entertain those on the honor roll for the Second Term.

Miss Hackett and Miss Walker are faculty sponsors for the Scholarship Club.

The Popularity Contest

*T*HE Popularity Contest held this year in Sunset to ascertain the Most Popular Girl, the Most Popular Boy, the Most Attractive Girl, and the Best Cadet closed December twenty-third.

The contest lasted one week, and during that time intense excitement reigned supreme. Just who would win?

The end was an unusually close one and it was not until the final count that the veritable winners could be decided on.

Alice Schween, chosen as the most attractive girl, is certainly an excellent representative of the "fairer sex". Hughes Wellbaum as the cadet major fully deserves the title of Best Cadet. He is not only an excellent cadet but he is also one of the most popular boys in school.

Hortense Looney, chosen as most popular girl for the second time, is all that an all-round girl should be.

Kenneth Moore was chosen as the Most Popular Boy. Some of his exceeding popularity was, no doubt, gained by his exceptional ability as a football "hero".

The Table Round

*The Order of the Table Round
Was known through all the world,
And mighty were the shouts that rose
When they their flag unfurled.*

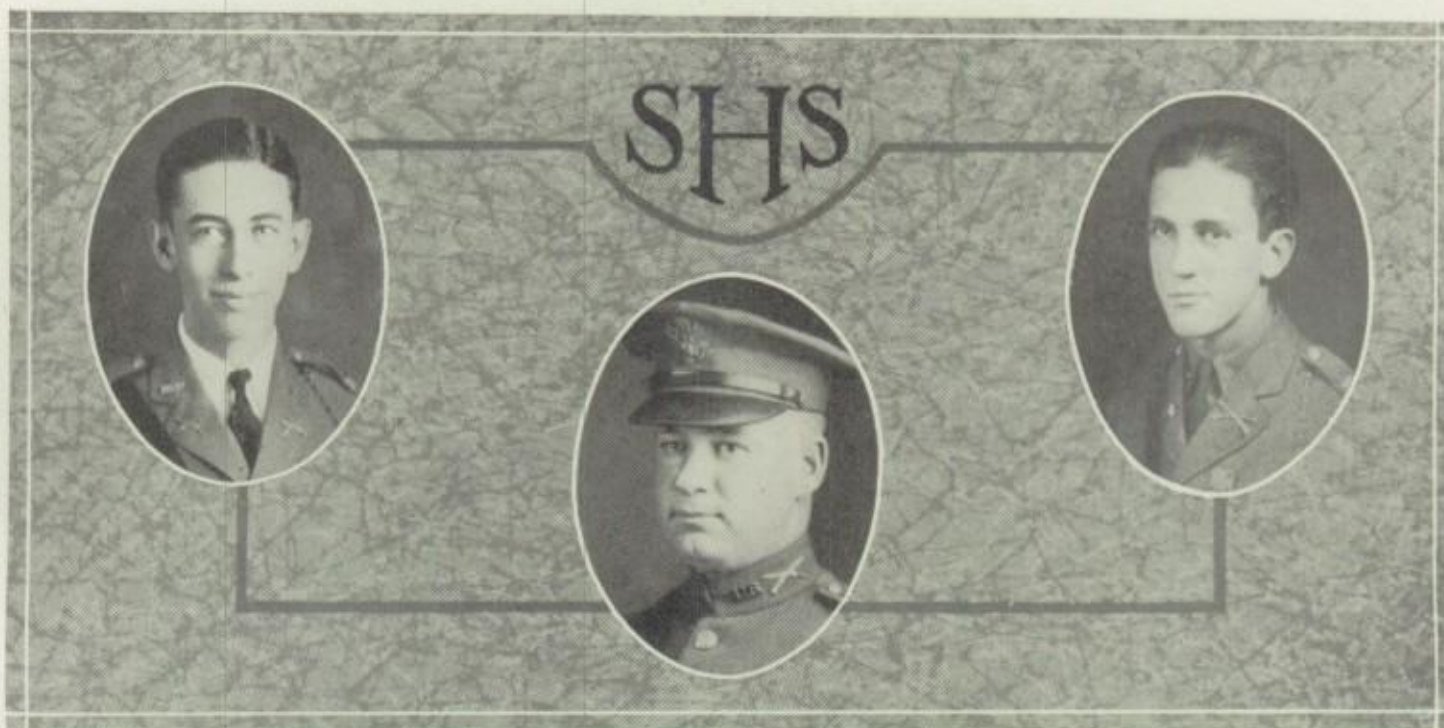

*A noble banner of the truth,
Of glory, hope, and love,
They tried in every way they knew
To honor Him above.*

*And there were other orders made—
Most like this noble band
That did their part in righting wrongs
That happened in the land.*

*Though all this happened long ago,
Times still are much the same;
In Sunset Land like orders have
For themselves gained much fame.*

KNIGHTS ⁱⁿ ARMOR

MEANOR

BURNETT

WELLBAUM

MAJOR A. C. BURNETT

We all admire and respect a man who is sincere, energetic, and efficient in his work. And such a man is "our" Major Burnett.

At Camp Dallas in the summer of 1926, he helped win for Sunset a permanent place of honor among the Dallas high schools. Earlier honors had been won for the school by the rifle team, which won the preceding year the city rifle meet, got third place in the Eighth Corps Area meet, and second place in the National meet. This year the rifle team won the City meet.

Of the three "crack" companies the Major put out, the last one won second place in the competition for State championship.

Sunset wishes to express her deepest and most sincere gratitude to Major Burnett, through whose untiring efforts have been won the numerous high honors, and whose admirable traits, love of true sportsmanship, and proved ability have endeared him to the hearts of the Sunsetters.

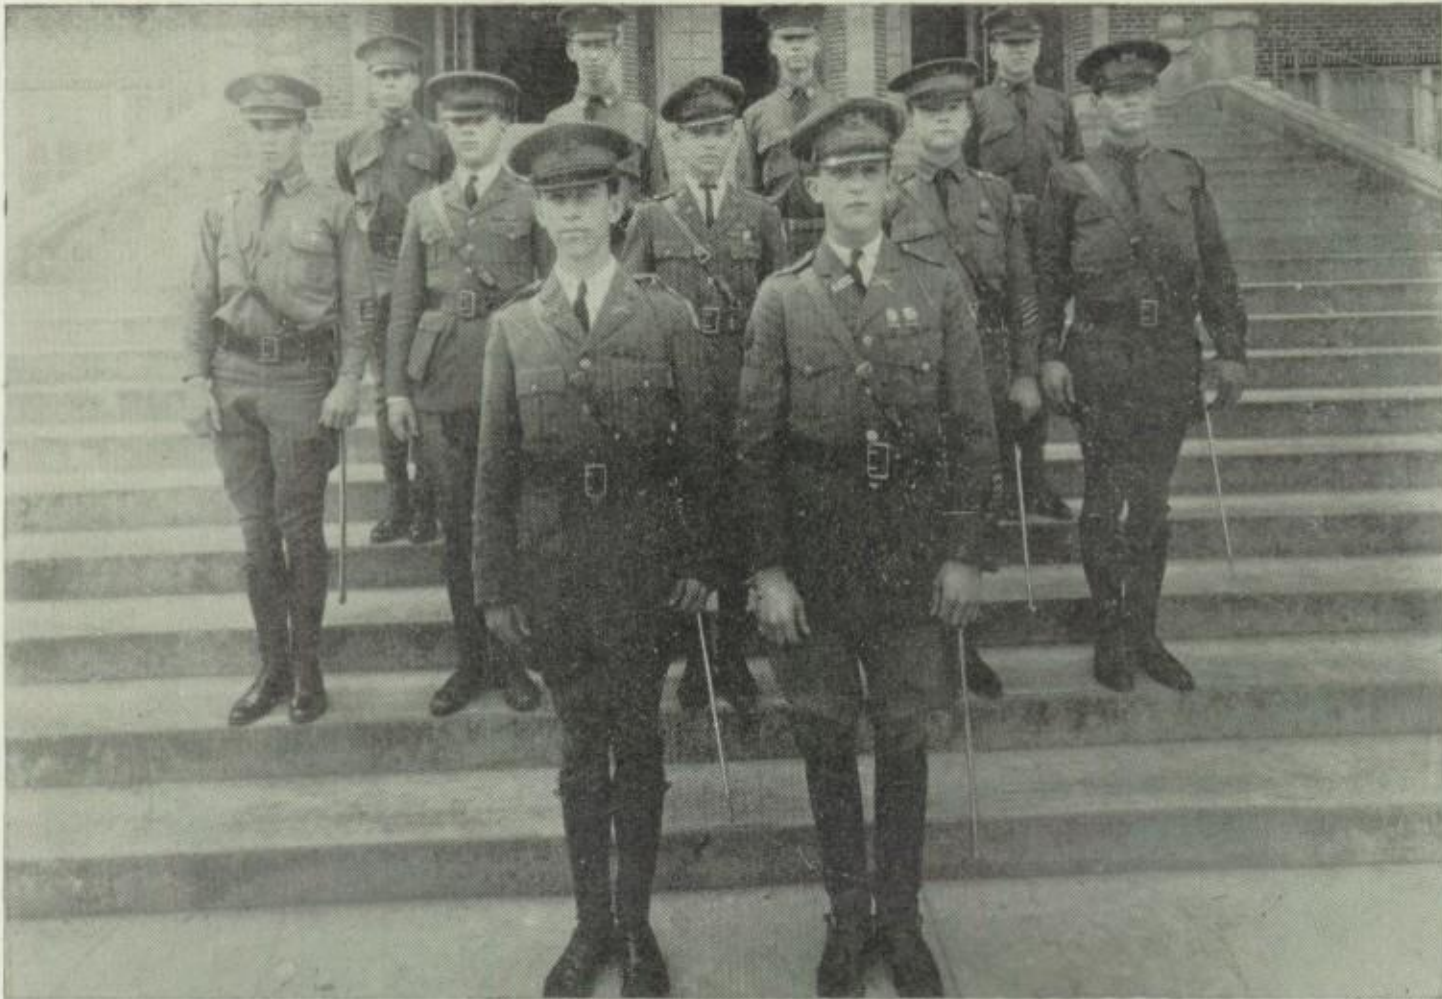

MAJOR HUGHES WELLBAUM

We all greatly admire a man who fills his "boots", and for that reason do we admire our present Major Hughes Wellbaum.

By much diligent work and willingness to sacrifice time and labor, he has attained the highest position a high school cadet may hold, that of Major. He has served in seven crack companies, and has spent two summers at Camp Dallas. Major Wellbaum was elected Best Cadet in the contest conducted by the Sundial. And who can deny that the choice was a wise one?

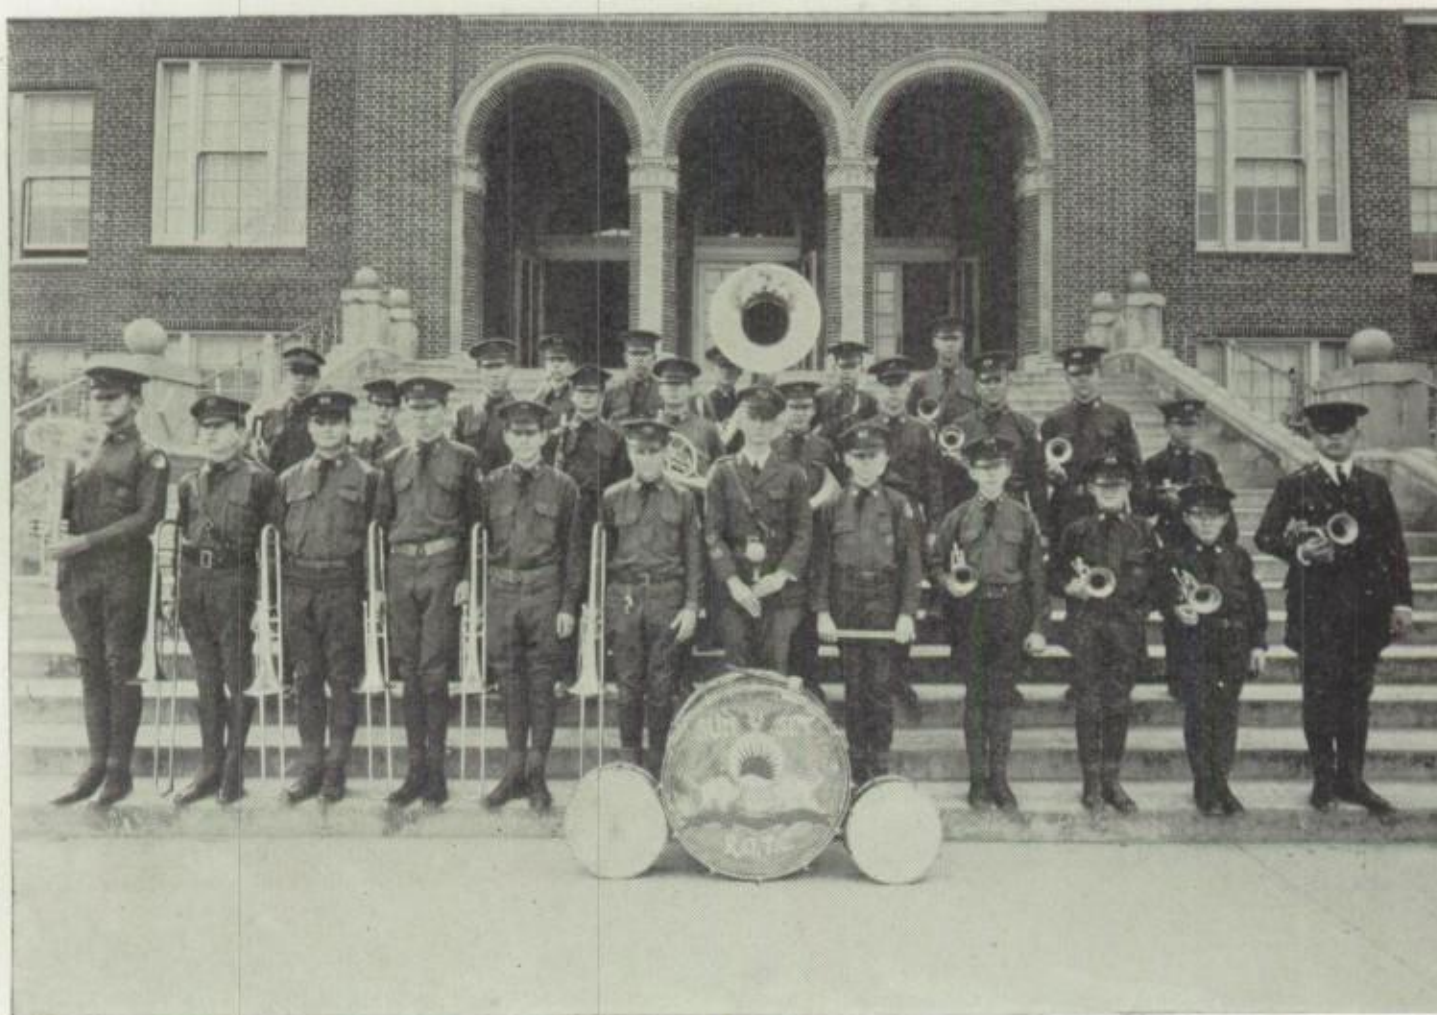

MAJOR LEON MEANOR

Leon Meanor, cadet Major in Sunset, has climbed step by step to this position. He has earnestly applied himself and has been consistent in his work. Major Meanor has been in military training at Camp Dallas in '24, and in '26, when he was company commander. He was a representative of his school in seven crack companies. Major Meanor is well-liked by the student body and by the military department as well.

BY a margin of 317 points the Sunset High School rifle team won first place in the city rifle meet, which took place during the Christmas holidays. This is the second time that Sunset has won the cup, the first being last year. If the team wins the city match next year, the trophy will be a permanent possession of the school. Horace Carter was the high-point man in the city meet with a score of 378. He won a gold medal and a scholarship to Camp Dallas.

COACH BUSCHMANN

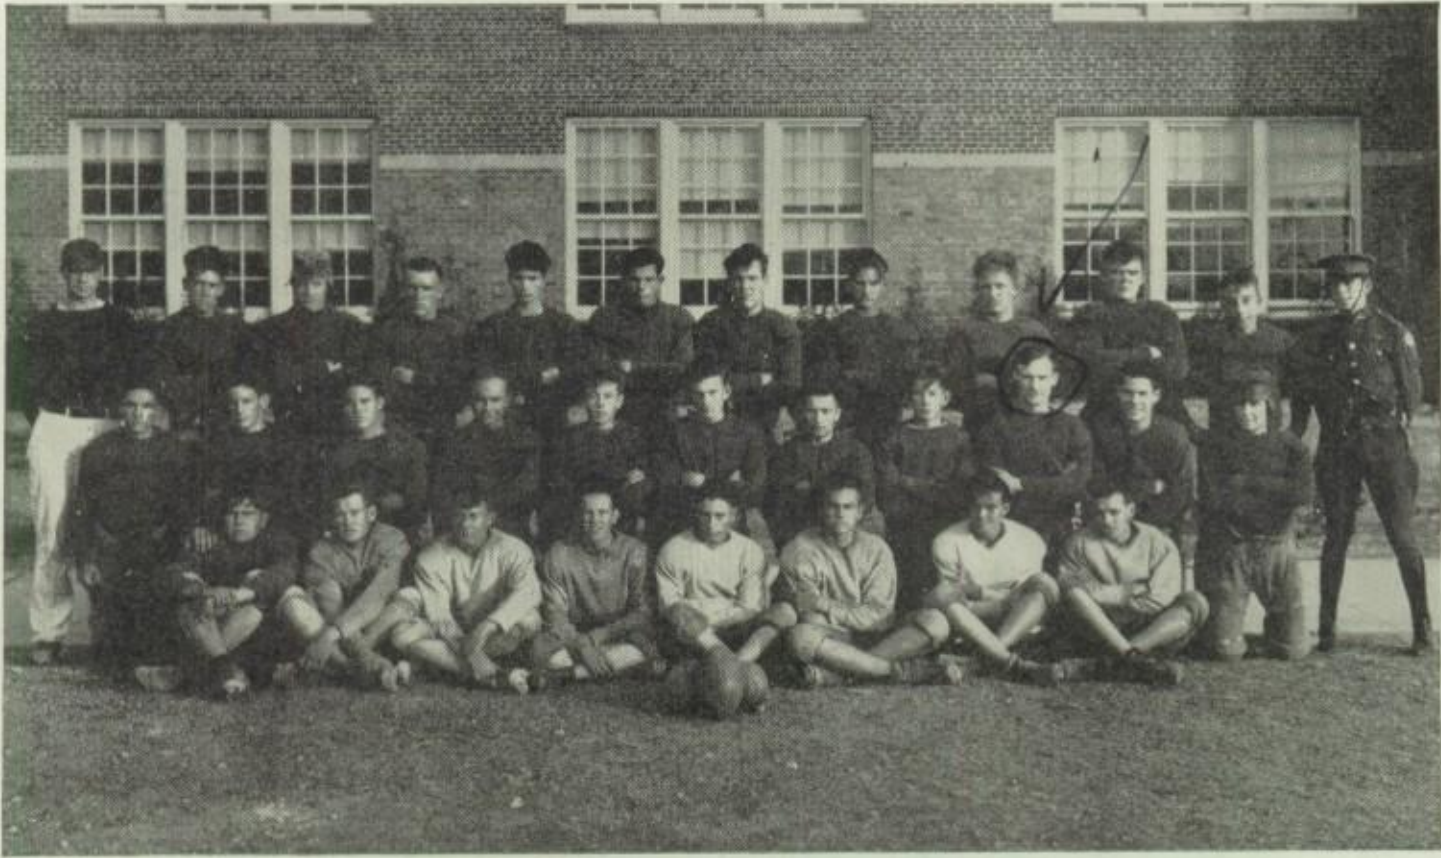

Sunset was furnished this year with a new coach, who soon proved his ability to construct fighting teams, as is evidenced by the teams turned out his first year.

Coach Buschmann lives up to his red hair, as he kept fighting for Sunset and making the players do the same. This and his ready smile and friendly attitude soon sealed his popularity in Bisonville. He was always willing to do anything he required of the players, being well equipped to do so through his experience on the Missouri University and other college teams. Great things are expected of his teams in the future.

MR. COBB

A more efficient business manager than Mr. Cobb would be hard to find, for P. C. is a great juggler of finances and he will put Sunset ahead financially if such a thing is in the realm of possibility. Mr. Cobb is always ready to lend a hand to help coach the boys or to assist in any other way possible and his suggestions were greatly appreciated.

Football Team, Fall 1926

JOHN TISDALE (Business Manager)

Business Manager is certainly no snap job, but John stuck to it through the long season and was always ready to do all required of him and helped in many things not required. He found the job not to be so thankless as it seemed, after all, as he is now the proud possessor of a "D" sweater.

The Pep Squad—"Wilson's Navy"

The Season

SUNSET vs. HIGHLAND PARK

The Sunset football team struck a snag in the aggressive Highland Park team, and was on the wrong end of a 20 to 0 score on Friday, October 1.

The Bisons made a splendid drive down the field to start the second half but failed to score after getting inside the twenty yard line. A touchdown at this stage would probably have turned the tide of the game.

"Football" Moore, flashy little Bison end and acting captain, was the outstanding star of the game. The team as a whole made a commendable showing, lack of organization being the deciding factor against it.

SUNSET vs. POLYTECHNIC

Sunset's football team went down in a hard-fought, bitter game before Polytechnic High at Fort Worth by the margin of a lone point on Friday, October 15, the score being 7 to 6. This one point margin for the Pantherville team was held when after a Sunset drive down the field, Hayter plunged over for a touchdown but a moment later failed to kick goal.

The touchdown was made directly after the Bisons had lost the ball on downs within a foot of Polytechnic's goal, and one of their backs had punted from behind his goal line to temporary safety near the middle of the field. Polytechnic scored in the first period and Sunset in the third.

The team showed more fight than in its previous games.

SUNSET vs. CENTRAL HIGH (FT. WORTH)

Though fighting with dogged determination, the Sunset Bisons were unable to repel the steady onslaught of the Central High School Panthers, the team generally recognized as the strongest of the three Ft. Worth teams. Although the Panthers won by the large score of 34 to 0, the Bisons put up a good fight and in the third quarter decidedly outplayed their rivals. However, the strain was too great, and in the final period, the Ft. Worth team piled up three touchdowns to fill out the score.

Sunset was not without its stars by any means, as Anderson, acting captain for the game, Hayter, and Moore turned in noticeably good defensive work, while little Nelson Rees displayed brainy playing in several instances.

The Season—Continued

SUNSET vs. BRYAN

Fight! Fight! Fight! was the dominant characteristic of the Bisons in the first 1926 city series game with Bryan. Bryan won in the last fifteen seconds of play, 7 to 0, when J. B. Andrews intercepted a Sunset pass and dashed eighty-five yards through an open field to a touchdown.

However, the Sunset team played by far its best game of the year outfighting and outplaying the Wolves, and proved itself, without a doubt, to be a real football team. The game was featured by the fierce tackling of Arnold and Pollard, ends, and Moore at right half, these three smothering Lamm, the crack Bryan safety man, while the defensive work of Fox stood out in the line. Every man on the team fought his hardest, and all were stars in this game.

SUNSET vs. FOREST

Although going down to a 25 to 6 defeat before the Forest Lions Saturday, November 6, our Buffaloes for the first time in the history of Sunset High, accomplished the feat of scoring a touchdown on a city high school. This touchdown, made over the touted Green and White line from the six-yard line in two plunges by "Football" Moore after the ball had been brought seventy yards down the field on a series of brilliant passes and fine running, was not only the first touchdown but the first score a Bison team has made in the city series competition.

The team fought hard all through the game against their heavier opponents; and before the first quarter was nearly over, Forest had the entire first string in the game, where it remained for the major part of the game. "Football" Moore deserves special mention for his brilliant play, while Arnold and Pollard continued their great playing on the wing positions.

SUNSET vs. NORTH SIDE HIGH (FT. WORTH)

In a game featured by a thrilling forty-five yard run for a touchdown by Pollard, Sunset end, after being on the receiving end of a triple pass, the Sunset Bisons were again defeated in the intercity series, this time by the North Side High Steers at Ft. Worth, 14 to 7.

The Bisons for some reason could not get their offensive game to work, although at times a Sunset victory seemed probable. "Polly" Pollard was easily the Sunset star of the game both on offense and defense, while his race for touchdown was an especial bit of broken field running. An added feature was Charlie Stampley's "headwork", as on one of the kickoffs he was blinded by the sun and the ball hit him in the face, bouncing fifteen yards up the field, where Arnold covered it.

The Season—Continued

SUNSET *vs.* OAK CLIFF

The Leopards and Buffaloes, inhabitants of the land on the west bank of the Trinity, met Saturday, November, 20, in the second family football scrap since the Bisons adopted the land as their grazing lands; the result was a 48 to 0 victory for the clawing representatives of the Oak Cliff High School.

The two student bodies cheered together for first one team then the other with ideal family spirit as the game Bisons were pushed back by the prospective city champions. However, the game was by no means a picnic for the victors, as the scrapping purple warriors stopped Lumpkin, Leopard star, more often than any other team had thus far this season.

"Football" Moore was the outstanding fighter of the game, for this little halfback with irresistible spirit was in nearly every play and more than once he fought his way through the Blue line or went off-tackle for substantial gains. "Mutt" Bowers' work at tackle for the Bisons was of the stellar type.

SUNSET *vs.* NORTH DALLAS

Squirming, dodging, rolling, twisting, digging, and fighting—these adjectives describe "Football" Moore in his brilliant twenty-yard fight through the North Dallas line and over their secondary defense to the second touchdown made by Sunset in the city series competition on Friday, November 26. The game resulted in a 34 to 7 victory for North Dallas, due to the pass-snatching ability of the Bulldogs.

Both teams fought their hardest, as it was the final gridiron contest of 1926 for each and the men on both squads gave good accounts of themselves. The work of Moore in the backfield and Duncan in the line for the Buffaloes was especially brilliant.

The following men played for the Bisons, every one of them being worthy of praise: starting lineup—Arnold and Pollard, ends; Reed and Fox, tackles; Duncan and Shankles, guards; Anderson, center; Rees, quarter; Webster and Moore, halves; and Hayter, full; substitutes—MacDowell and Smith, ends; Murph and Bowers, tackles; McLemore, quarter; and Red Roberts, half.

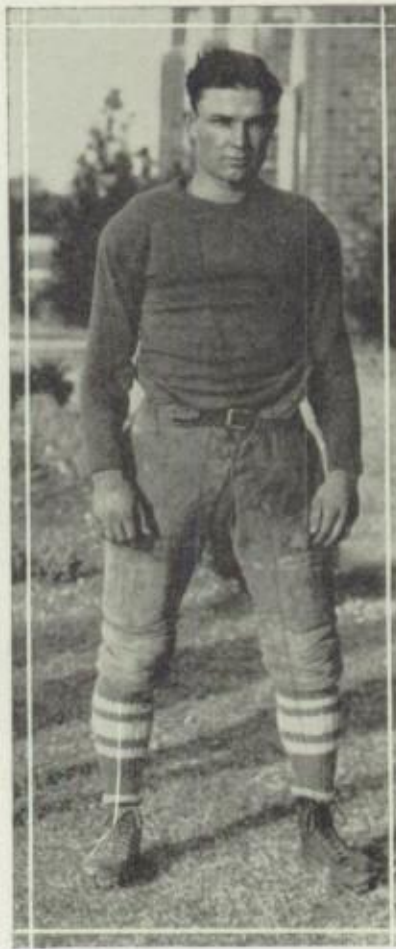

ANDERSON

CRITTENDEN ANDERSON
Captain—Center

"Cricket" proved to be not only a fine center but also a fine captain. "Rosy" played practically every minute of every game and fought all the time, many times bearing the brunt of the opponents' attack while backing up the line. His fierce tackling brought him mention on many of the mythical all-city teams. This is his last year in Sunset.

KENNETH MOORE
Half-back

"Football" fights harder and more persistently than any other man on the team, which is saying a lot, and probably did more toward giving Sunset glory in football than any other wearer of a purple jersey yet discovered. He is not only the greatest offensive player on the team, but also a sure hard tackler. "Football" started the year at his old position of end but was changed to half because of his speed, and proved better than the most optimistic had hoped. Another glorious year is ahead of him.

MOORE

NELSON REES
Quarter

"Piper" had a hard time breaking into the line-up, but when McLemore was injured he was thrust into the hole at quarter and seized the chance for a letter. He is one of the hardest little fighters on the team, being a shifty brokenfield runner and a natural quarter-back. Next year "Nelsie" should make a name for himself.

LOUIS SHANKLES
Guard

Louis hardly knew a football from a basketball before the season started, but he put a great amount of effort into his training and forced himself into the line-up after he had been taught the game. With this year's experience, "Shanks" should be a wonderful linesman next season.

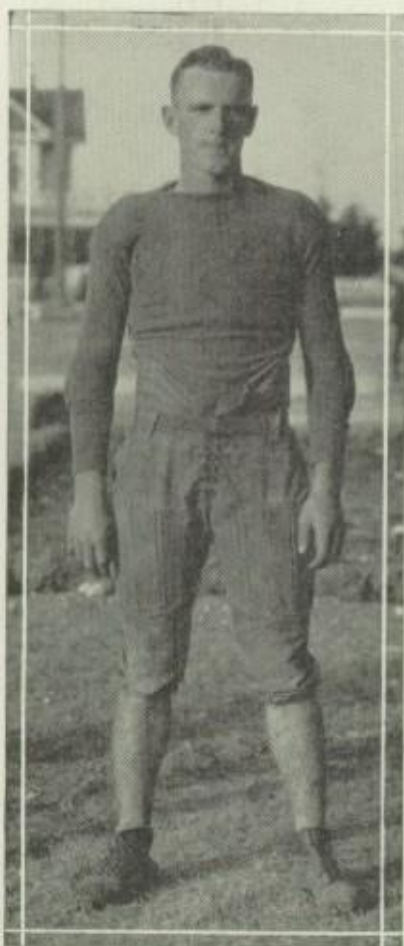

REES

SHANKLES

Louis Shankles

Fox

DON FOX

Guard

This was Don's first year at Sunset, he being from out of town, and he made it a great one by earning a letter at tackle and guard. He was one of the sturdiest men in the Sunset front wall and used his hands to a good advantage. The good news about Don is that he will return for another season.

JOHN HAYTER

Full-back

The Bisons depended on John to punt out of danger when their goal line was being threatened, and many a time his long punts put new courage in his wavering teammates. He is a fine plunger and passer and will be greatly missed next year.

HAYTER

KENNETH ARNOLD

End

"Sledge-hammer," "Scrap-iron," etc., is one of the best loved, hardest fighting players Sunset has ever turned out. Although he was inexperienced in football, he soon developed into a fine end, and many a day will pass before his wonderful defensive play in the Bryan game is forgotten. He hits 'em low and hard, and will be missed next season.

ROBERT POLLARD

End

"Polly," in his second year on the Bison team, developed into the best all-round end turned out in the two years of the school's existence, and many believe he is the match of any end in the city. He is a real athlete, and a great deal is expected of him next year, his last year in school.

ARNOLD

POLLARD

WEBSTER

L. D. WEBSTER

Half-back

Red, with a great deal of pepper and natural ability, was a backfield mainstay developing in each game. He was a fast valuable man to be the main cog in Sunset's trick plays, and since he has another year he is expected to be one of the Stars of the Dallas gridiron in 1927.

TYLER DUNCAN

Guard

This popular athlete, already known as a fighter, added more evidence while on the football field to make the proof emphatic. His place at guard kept his work from being spectacular but many a time he "threw the blocks" under a center rush of the enemy and never failed to make an attempt for the tackle. We are glad to say that he will be back next year to "throw the blocks."

DUNCAN

SAM McLEMORE

Quarter

Sam, a good quarter and a dandy safety man, was the main factor in the Bison aerial attack with his accurate passes. He has two more years. Hotsy Totsy!

MALCOLM REED

Tackle

"Heavy" trained hard and succeeded in disposing of enough excessive weight to handle himself to a good advantage at right tackle. He's a Senior and too smart to flunk.

BENTLEY MURPH

Tackle

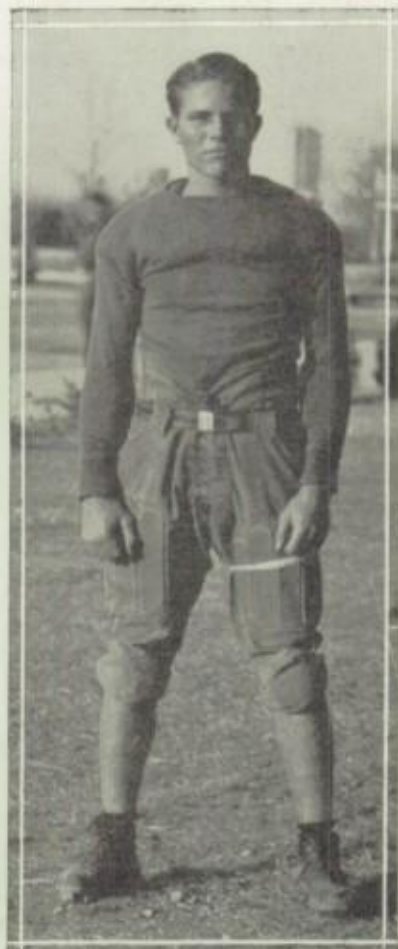

"Bent" proved a wonderful tackle when he finally broke into the regular line-up and turned in many good games. He will be around in '27.

Basketball Season

SUNSET vs. OAK CLIFF

Although fighting furiously, Sunset's basketball team was unable to turn back their big brother, Oak Cliff High, January 21 in the first "family" athletic contest of 1927, and the Leopards won by a 38 to 23 tally in the Bison "gym".

The Leopards held a big advantage in size and height and the Bisons were unable seriously to threaten the victors, who kept the lead all the game. Lumpkin scored 21 points and was the star for the Leopards, proving himself to be not only a great football star but also a great court player. His greatest opposition, strange to say, was furnished by "Half-Pint" Ross, pigmy Bison forward, who played a "whale of a game" although he's anything but a whale in size.

SUNSET vs. FOREST

Forest's Lions proved greatly superior to Sunset's basketball team in their first meeting of the season, Tuesday, January 25, winning a 48 to 21 victory in their own "gym". Forest's smooth passing game gave them numerous crib shots and this spelled defeat for the invaders.

Captain Marburger played a fine game for the losers, being a thorn in the side of the Lion team, while Fink continued his sensational point scoring streak and proved the Green star.

SUNSET vs. NORTH DALLAS

The Royal Purple of Sunset High's Bisons was raised to the pinnacle of glory Friday afternoon, January 28, when a scrapping basketball team fighting for Sunset and Fritz Marburger, their graduating captain, outfought and outplayed North Dallas High to win the first city series basketball victory in the school's history, 25 to 21.

Basketball Season—Continued

Sunset took the lead from the first and had a slim 12 to 11 margin when the half ended. At the beginning of the third period the Bulldogs went into the lead for the only time of the game when Jimmy Faulk's field goal made the score 13 to 12. A moment later the Bisons began a determined drive which gave them a substantial 25 to 15 lead at the end of the period. A final rally by the Bulldogs in the final period was successfully subdued.

Captain Marburger played his greatest game while at Sunset and was the leading Bison offensive star with a total of eleven points. On par with the playing of Fritz was that of "Polly" Pollard.

Every man on the team made a wonderful showing. The following men were instrumental in the Bison victory: Marburger, Ross, Arnold, Olive, Pollard, and McDowell.

SUNSET vs. BRYAN

Two hardfighting determined teams, the Bryan Wolves and the Sunset Bisons, each intent on pushing the other into the cellar position of the city series race, met Friday, February 4, in a thrilling closely matched battle in which the Wolves managed to nose out a 26 to 24 victory. It was a heart-rending defeat for the Bisons, for they were hungry for more victories after first tasting the sweet flavor in their win over North Dallas.

The players of both teams fought till the final whistle, the winner being in doubt all the way with neither team leading by a large margin at any time. Numerous fouls were called due to the intensity of the play, a severe blow being dealt Sunset when Olive went out in the third period with four personal fouls.

Pollard, "Wee Pete" Ross, and Captain Arnold turned in some fine playing for the Purple and gave sure evidence that Sunset, whether it wins or loses, will give plenty of opposition in the remainder of the season's games.

SUNSET vs. OAK CLIFF

In the second basketball game between the Leopards and Bisons, February 8, the dope ran true to form when Oak Cliff won an easy 40 to 10 victory. The game was featured by the numerous successful crisp shots made by Lumpkin and Harris. The "Wild Irishman" with eighteen points was high point man.

Allen's team took the lead in the first few minutes, and in a short time there was no doubt as to the ultimate winner, the first half ending with the score of 23 to 6. The Bisons could not get started and although they fought hard they were greatly off form and made little headway against the Blue.

Captain Arnold probably put up the best game of any Bison until he was ejected from the game via the personal foul route.

SUNSET vs. NORTH DALLAS

(Second Round)

A 41 to 16 North Dallas victory over the Bisons, February 15, marked the close of the city basketball series for those two teams. This evens the honors between the two schools for the season, as the Bison victory in their first meeting remains sweet in the memory of Sunset and bitter in that of the Bulldogs. From the start of the game North Dallas, with the first game rankling in their minds,

Basketball Season—Continued

set out to get revenge and took the lead in the first few minutes, never to relinquish it.

The outstanding player of the game was Sunset's candidate for all-city honors, Robert Pollard. "Polly", playing at running guard, turned in stellar floor work and flashed constantly as an obstacle for the Bulldogs to stumble on as they launched an offensive play. Pete Ross was high point man for Sunset, playing his usual hard-fighting game to score eight points.

SUNSET vs. FOREST

(Second Round)

The fighting Bisons went down, for the second time of the 1927 basketball season, before the onslaught of the city champion Forest High team by a 38 to 18 count. The first half was decidedly an all-Forest half, ending with the score 22 to 4. Sunset was unable to get near the basket while the Lions made good on numerous crip shots.

The second half took on the aspect of a real basketball game as the Purple players practically matched the Lion's play, Forest making sixteen points and Sunset fourteen. The second string Lions began the third period and outplayed the Bisons for the first few minutes of that period. This tended to arouse the Bison fighting spirit, and the Forest regulars were rushed back into the game to block Sunset's rally. There was no real outstanding star for either side in this game, as both teams tried to use teamwork as much as possible. Captain Arnold was high point man for Sunset.

A. A. U. TOURNAMENT

Our Sunset Bisons, representatives of Dallas in the High School A. A. U. Basketball Tournament at Cisco, made one of their best showings of the year in the three games played and came home with a beautiful loving cup which now resides in the trophy case.

Although defeated in their initial game by the strong Lubbock team by a close 22 to 17 game which put them out of the running for the title eventually won by the home Cisco High School, the Bisons came back in the first round of the consolations and put up a stellar performance against Wills Point, only to be nosed out of 25 to 24 in a game replete with thrills and in doubt until the final moment. This game was by our captain, Kenneth Arnold, reverting to his old form by leading his team to a near victory and being himself high point man with eight counters to his credit.

The ardor of the Bisons was not dampened by these defeats, however, and in their final contest they won a 32 to 11 victory over Strawn. Again in this game Captain Arnold was high point man and star of the contest. Red Webster held top-scoring honors in the first game.

The following players made the trip, and every one of them was instrumental in Sunset's fine showing: Kenneth Arnold; Robert Pollard; Pete Ross; Owen Olive; Owen McDowell; Roughhouse Riley; Red Webster, and Paul Peck.

CAPTAIN FRITZ MARBURGER

(Forward)

Fritz was the center of the Bison attack until his graduation in January. He led Sunset to its first and only city series victory, that over North Dallas, in his last game and his best showing of his court career.

CAPTAIN KENNETH ARNOLD

(Forward)

"Sledge" stepped right into the captaincy at mid-term and proved a worthy holder of this office. His greatest asset was the fight and scrap he put into the game and into his teammates. His shoes will be hard to fill in '28.

ROBERT POLLARD

(Guard)

"Polly" showed more improvement during the 1927 season than any other member of the squad. His great defensive work, floor play, and long-range baskets gained him mention as all-city guard, an honor he should hold next year.

CLAUDE ROSS

(Forward)

Pete is a great little scrapper and the bigger the opponents, the rougher Pete played against them. His flashy work at forward made him a constant threat against any team. Pete will not be back next year.

OWEN OLIVE

(Center-Standing Guard)

"Loper" was the tallest player on the floor in practically every game and was especially valuable as tip-off-man. While at standing guard he usually managed to cause his opponents misery. He will "lope" back in '28.

OWEN McDOWELL

(Center)

Mac is another of the string bean type, and he used his height to advantage in mixups under the basket. Owen has a bright future before him, as he is only a freshman.

JAMES RILEY

(Guard)

"Roughhouse" plays any position well and was a valuable all-round player. At the most unexpected times he would bob up with a field goal to start a rally. Next year he should be even better.

PAUL PECK

(Guard)

Paul proved to be a "Peck" of trouble to more than one ambitious quintet during the court season, and as he has at least two more years, he may cause opponents a bushel of trouble before he graduates.

Track

FT. WORTH MEET

The third Annual Fat Stock Show meet, held March 12, was the first of the year for the Bisons, and although they failed to gain any first or second places, they did not fail to give all they had in an attempt to retain the title won last year.

The one honor carried away by the Purple was a third place in the high jump, which Nelson Rees brought home with a jump of five feet nine. Only seven men were taken to this meet, a much smaller squad of track candidates than last year.

GREENVILLE MEET

The second Annual Burleson College Relays, held on March 19, proved another thorn in the side of Sunset's track stars. The Bison relay team, composed of Moore, Rees, Roberts, and Sinclair, made a supreme effort to win in two different heats but in each case was forced to be satisfied with second. Real running was necessary to beat them, however, as several records fell in the day's competition.

TEXAS RELAY GAMES

Sunset was represented by a relay team composed of Moore, Rees, Worsham, and Sinclair in the Texas University relays at Austin, March 26, a meet fast becoming famous throughout the Southwest. They returned without medals or trophies but with much enthusiasm over the good time enjoyed. The four agreed that they witnessed some of the greatest running to take place within the limits of the Lone Star State.

Many good pointers were observed which should be a great help to these athletes in future competition.

CITY TRACK MEET

Three members of the Sunset Bison track team, Moore, Rees, and Worsham, were successful in winning places in the city high school meet held April 2 at S. M. U.'s track. Only two of these will receive letters, however, Moore making six points by taking third place in the low hurdles and fourth in both the 100 and 220 yard dash while Rees made four and one-half points by a tie for third place in the high jump and fourth in the high hurdles. Worsham won fourth place in the mile run.

Five points is the usual number necessary to win a letter, but according to Coach Franks, Rees' four and one-half points will suffice.

Only three of the city high schools were represented in the 1927 meet, Forest, Oak Cliff, and Sunset. The final standing was in that order. Although this showing is not by any means wonderful, Sunset should certainly be proud of its team, for the members worked long and diligently to make a showing for Bisonville.

The team will probably participate in other meets this year but the Annual will go to press before they are held. We are confident that a good showing will be made by the boys.

KENNETH MOORE

"Football" is built close to the ground but is similar to a racing car not only in build but also in speed. His specialties are the dashes, and he is the best bet the Bisons have in the 100 and 220 yard events. Even though his speed is remarkable for such small stature, he cannot overcome the handicap far enough to be a record-breaking sprinter. He was high point man on the Bison team in the city track meet, winning his letter with a total of six points.

NELSON REES

"Nelsie" has suddenly blossomed forth as one of Sunset's most versatile athletes and proved a winner in the city meet. He won a letter by making four and one-half points in his two specialties—the high jump and high hurdles. Besides this, he is a member of the relay team.

LEONARD WORSHAM

Ambition and steady grinding were rewarded when Leonard, after much of these two had been instilled into him, won fourth place in the half-mile event in the city meet. He did not make enough points to letter but was one of those on the relay team who received medals for the city meet.

GEORGE SINCLAIR

A half-miler of note was found in George Sinclair, who experienced his second year on the track squad in '27. George made several good showings during the season in this event besides being one of the main cogs in the relay team.

MELFORD STILLIE

"Mel" is a good prospect for a distance man and is a valuable asset in the medley relay races. Another year or so and "Mel" should make someone sit up and take notice.

ROBERT POLLARD

"Polly" was Sunset's one experienced miler and was always a threat for the Purple in this branch of the races. He did not take part in all of the meets, however, and did not get to show his ability.

LOWELL LOCKHART

A great deal of improvement over last year has been shown by Lowell, who aspires to be a miler. We can't believe what "Red" says about him is true; namely, that he was still running the mile while the hurdles were being placed for the next race and was forced to jump them to finish his event.

CLOVIS ROBERTS

Clovis, better known as "Red", was another of our relay men and also a better than average sprinter, and as he has another year of track competition before him, he should be benefited by this year's experience, despite the fact that he failed to win a basket of medals.

Tennis

THE TENNIS TEAM of Sunset High School is composed of Charles Ewell, singles, and Ewell and Edwin Chalk, doubles.

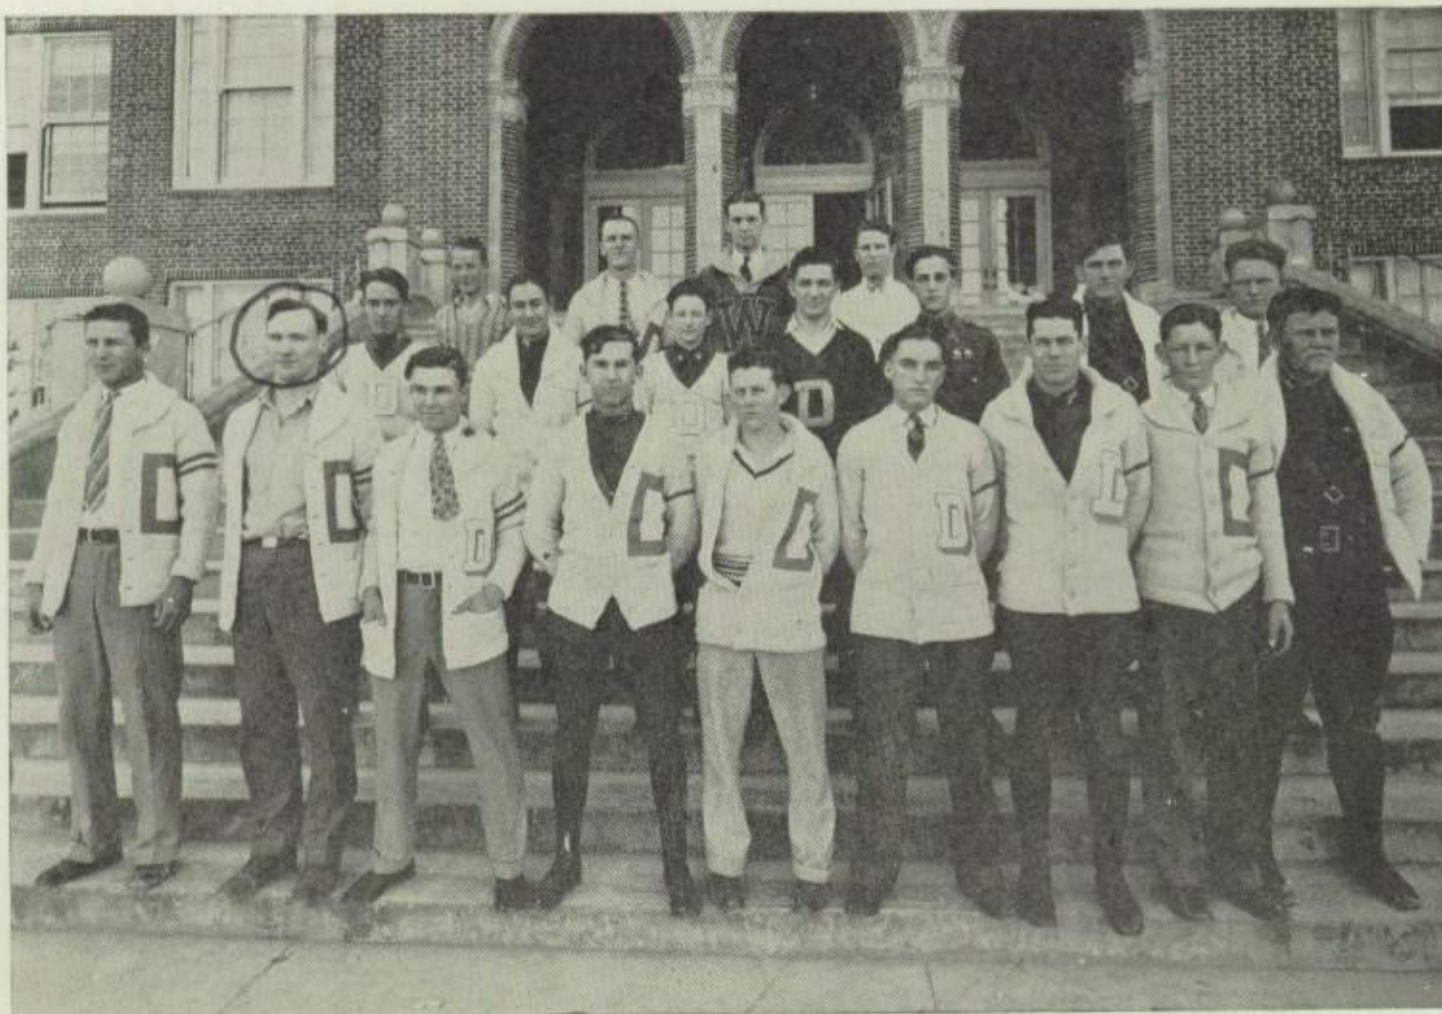

Ewell is a young tennis flash from Galveston, and has seen service in several state tournaments. He played in the singles in the city meet against Barr of Oak Cliff but was defeated 7-5, 6-1. He will play with Chalk in the remaining city contests.

Chalk is rated as one of the most consistent players in the city and in a game of doubles can be relied on to hold down more than his share of the court.

In the Rio Grande Valley tournament, Edwin went to the finals and was beaten only by a small margin.

These two young aces from Sunset are expected*to fight their way to the finish against the other schools in the city.

Kenneth Arnold is the business manager and student sponsor of the team.

- JAN. 31—Junior-Senior enrollment. Hey! Hey! Watch the new 4A's now.
- FEB. 1—Sophomore and freshman enrollment. They kinda' made the freshmen feel at home!
- FEB. 2—School starts over again. Stayed here "Two Rounds." That was long enough for Mr. Stagner to make some pretty stiff assignments.
- FEB. 3—Mr. Wilson educated the fish on some of Sunset's rules and regulations in assembly this morning.
- FEB. 4—Sunset *beat* North Dallas! Maybe we'll beat Bryan tonight. The "D" Club meets today.
- FEB. 7—Well, Bryan beat us, but they had a run for their money.
- FEB. 8—Hi-Y Assembly this morning. That's a nice set of boys, we think.
- FEB. 9—Does anyone know what Sigma Phi Sigma means? 3B meeting this afternoon. Juniors, back your class!
- FEB. 10—Joint meeting of Sundial and Stampede staffs. An important W. W. W. meeting today about *dues*!
- FEB. 11—Say, folks! it looks like Pete Ross has a new girl. Stay in there, Pete!
- FEB. 14—Valentine! Cupid's playing all around Sunset today. The girls are expecting candy. Hope they're not disappointed.
- FEB. 15—Our Rifle team are city champions and Horace Carter is high point man. They received beautiful sweaters from The Dallas Power and Light Company.
- FEB. 16—All track men meet after school today. Seems like Granville Hopkins and Frances White never get mad at each other.
- FEB. 17—Football's girl looked like she was desperate this morning—look out, Football. Stampede and Sundial Dinner Dance at Jefferson Hotel.
- FEB. 18—The 2B's are going on another Wiener Roast. "Why do they call L. D. 'Fire on a Mountain?'"
- FEB. 21—Two new clubs organized, Sigma Phi Sigma and Alpha Zeppa. If this keeps up, we'll have to have sorority houses on the Sunset campus.
- FEB. 22—Washington's Birthday—we celebrated by hearing Coolidge's speech to Congress.
- FEB. 23—"Kids in Kandyland" sounds like the G. R. were going to have a big "feed" on Kandy.
- FEB. 24—4A meeting this afternoon. Bentley Murph is certainly rushing Margaret Jamison.
- FEB. 25—R. O. T. C. Minstrel tonight and they've sold all the tickets but eighteen. Sounds good.
- FEB. 28—N. E. A. Convention starts today. All the boys *must* wear clean shirts and the girls *must* curl their hair.

CALENDAR FOR SUNDIAL—*Continued*

- MAR. 1—Half holiday, not so bad; it could have been worse.
- MAR. 2—Most of us took a whole holiday; half of Sunset is waiting in the office for admit cards.
- MAR. 3—Hurray, another holiday! Let's give nine for the N. E. A.!
- MAR. 4—Everybody happy? Shh! I wonder why Mrs. Smith wants to see the R. O. T. C. officers?
- MAR. 7—A 4A meeting! Now, can you beat that?
- MAR. 8—Seems like Mrs. Smith's French classes were really going to put that masquerade over big.
- MAR. 9—The 2A's are going to have a "Kid Party" and are to bring baby pictures.
- MAR. 10—Do you know, Red Ezell looks as if he were really thinking in Study Hall this morning?
- MAR. 11—Margaret Jameson and Fred Buford are our Senior Queen and King. Say, did you know Sunset was still leader in the Golf Tournament?
- MAR. 14—Shh! 4A meeting, I think it's to be Pastels versus White.
- MAR. 15—Mr. Wilson can't see how Miss Myers picked out one "No 'Count Boy" in Sunset.
- MAR. 16—Gee! Believe me that Cabaret Dance is going to be swell! No kiddin'.
- MAR. 17—Scandal! the truth is out. A cop stopped Miss Frazer this morning on the viaduct and insinuated that she had stolen that precious flivver; she had lost her license plate.
- MAR. 18—An assembly this morning. Gee! Never saw so many electrical experiments! Lightning never will scare him.
- MAR. 25—The 3A's from Oak Cliff and Sunset have a big barbecue.
- MAR. 28—Well, Sunset won that golf cup. Seems that we'd have an assembly so we could see it.
- MAR. 29—Well, have you seen "Elizabeth"? I mean Dorothy Coat's Ford.
- MAR. 30—Looks like some of the 4A girls were going backward. Some of them are cutting out paper dolls and movie stars for scrap books.
- MAR. 31—Earle Witt has the mumps, Wren just got over them—too, Earle.
- APRIL 1—Oh! goodness! Miss Warner and Mr. Stagner eloped last night and were married in Letot (April Fool!)
- APRIL 4—Did you see the S. F. S. initiate in their "specks." The W. W. W. are awful proud 'cause they "cleaned up" on their bridge tournament.
- APRIL 5—Mr. Mickels postponed "Windmills of Holland." We know it's going to be a success.
- APRIL 6—The Spanish Club is having a big fiesta tonight in a "really and truly" Spanish cabaret.
- APRIL 7—The Sundial goes to press today. It won't be so very long until we'll wave Sunset adieu for four short months of play.

GUESS-WHO

TALES FROM THE GLEEMEN

*In olden days the gleemen came
From far off lands of kings,
They sang their songs and told their tales
And talked of many things.*

*In castles of the nobles
Sometimes among the poor,
They laughed and sang their merry songs
That flew from door to door.*

*And there were none in all that throng
That could resist their wit,
Small wonder that we read their tales
As round the fire we sit.*

*Brought down from all the ages,
To Sunset they were told,
And now there's none that can deny
They're worth their weight in gold.*

BELIEVE IT OR NOT

"Listen, Handsome, I wanna proposition you."

"Go ahead, Good-looking."

"I have two girls lined up for a struggle. Can you get the old man's chariot?"

"Nix I've only got Sunday School fare. Not a roller in sight."

"Aw, you're useless."

"Tell you what, though—I can get the buggy for next Saturday night. How about that?"

"All right, see you later."

—*That, dear readers, is a small sample of high school conversations.*

—❖—
Dabney: "Why, trigonometry is as easy as falling off a log."

I. G.: "It may be, but my trouble is finding the log."

—❖—
DID SHE GET IT?

Eloise D. (at bank-teller's window): "I wish to open an account here."

Teller: "Very well, miss. How much do you want to deposit?"

Eloise: "Why, nothing, I want to draw out forty dollars."

—❖—
See me for fresh paint—*Annie Blake.*

—❖—
Roland: "They say Mr. Chalk talks in his sleep."

Claudine: "Guess so. He talks in mine."

—❖—
When the Spanish Club was first organized and Miss Taylor was planning a Radio Program, she told the boys she wanted them to sing.

One boy got up and said he could sing either "bass" or "bear" tone.

FISH WILL BE FISH

Two little Freshmen girls were talking about a certain boy who happened to be standing next to Need McGown. One however, could not locate the boy under discussion. Their conversation ran about like this:

First Fish: "But, where is he? I don't see him."

Second Fish: "See that third lieutenant over there? He's the boy standing next to him."

REVENGE

Little Willie pointed at his sister's sweetheart, Mr. John Tisdale.

"Mr. Tisdale kicked me yesterday," he snarled, "but I got even with him. I mixed quinine with sister's face powder."

Front Row: Left to Right—James Allen, William McGrath, Edwin Gray, Edith Anderson, Eloise Scott, Bennora Stallings.

Second Row: Left to Right—Dorothy Harper, Ruth Andrews, William Scheen.

Third Row: Left to Right—Elizabeth Bauman, John Stemmons, Effie Gifford, Esther Hargrave, Mary Ruth Beckley, Ella Mae Shackelford, Sam Daniels, Wilsie Simms, Herman Harrington, Beach Mott, Susan Amsler, Lottie Marie Campbell.

SAY IT WITH QUESTION MARKS

Program Given by the Faculty

On February 31 a very delightful (?) assembly was held in the 3B Hall. The room was crammed to its capacity. In fact many stood on the ceiling to hear the gorgeous program.

Miss Lois Wythe sang "Sleepy Head," and responded gracefully to twenty-six snores.

Mr. J. A. Wilson gave his annual oration, during which he repeated his beautiful and inspirational Latin phrases.

The meeting then adjourned to the lunch room, where Miss Bliss Stone played "She Knows Her Onions" and other forbidden numbers. Mr. Buschmann, coach of the football team (by the way), made a number of beautiful and eloquent announcements. He was accompanied softly by Miss Phoebe Hensley on the trombone.

The students who did not come to the meeting enjoyed the splendid program. The faculty plan to do better next time. This conclusion was reached a day before it was decided.

❖

DO UNTO OTHERS AS THOU Wouldest
HAVE THEM DO UNTO YOU

If by mistake thou goest to assembly in yon auditorium, it is thine Christian duty to sit straight, and refrain from waggling thine ever active tongue. Thou shouldest endeavor to dispose of thine chewing wax in order that thine beloved principal and other worthy orators may be heard.

When thou hast been dismissed, thou shouldest hurriedly collect belongings and exert strongest endeavors to arrive at thine class room punctually.

Thou must not, however, accomplish aforesaid aim at cost of kicking a worthy brother down a flight of hard steps.

❖

Tell me a joke, *quick!*
You're one, yourself.

❖

Miss Hackett was dictating an outline to one of her American History classes. Roy McGown was scribbling frantically and trying to keep up with her.

"Roy," said Miss Hackett, "I don't see how you can read such writing."

"Well," said Roy, "I can't after it gets cold."

During an officers' class one Monday morning, Major Burnett was explaining how to fortify a sector.

He then asked—"What is a fortification?"

After no one answered, Leon Meanor said, "Please sir, a fortification is two twentyfications."

Worth Remembering

**You Should Use the Same Care and
Consideration in Selecting a Dry Cleaner**

—that you do in selecting the homes, that you and your family visit. You would not visit, or permit your family to visit, a home known to have a contagious disease within.

Your clothes, when entrusted to your DRY CLEANER come in contact with hundreds of other garments some of which probably came from homes in quarantine for some contagious disease. Visit your Dry Cleaner and look over his establishment.

You are cordially invited to visit our New Modern Fire Proof Sunlight and Sanitary Plant and let us explain how we Sterilize each garment, also our method of Cleaning.

Sincere Effort and Cheerful Service . . .

LIFE demands the two together un-
ceasing, tireless in payment for
the things that mean to us "Success".

Life demands so much from the student,
just turning from school to the broad high-
way of our Everyday World how much
more it requires of an Institution with the
responsibility of service that is vested in our
own store.

Our Customers are persons whose ability
to spend varies greatly.

Many shop on limited incomes neces-
sity counsels the greatest prudence. Others
spend lavishly only their tastes and pref-
erences to consider.

Both classes shop here with equal satisfac-

CHEMICAL ELEMENT 61

*First to be born
on American soil*

OUT of 400 pounds of gas light mantle material donated by a gas light manufacturer, the University of Illinois chemists found that rare earth element Number 61, named Illinium.

The gas industry has been co-operating in the world's scientific research since 1808, when William Murdoch first piped his gas into the Soho engine works. It was the sticky mess left over in condensers at a coal-gas manufacturing plant that developed coal-tar dyes.

Craftsmanship

~the embodiment of skill and handiwork, demands a care, a faith and a hope that can only be acquired through inherent ability, a desire-to-do and a time-proven experience. All of these requirements of craftsmanship give vivid proof of their existence in the craftsmen of the *House of Zeese* by the superiority and individuality of the finished product. ~ ~ ~ ~

Castles & Kings

TODAY, castles are rather *passe*, and kings are in the discard, but even in their heyday they could boast of no such things as you take for granted.

No king could command the services which are at your beck and call. No castle contained the comfort and conveniences which are intrinsic features of even the smallest apartment or the modest bungalow. Few even had a clock.

Yet some people today dwell in medieval inconvenience. There are hundreds of homes without a telephone!

Is your "castle" up-to-date, or do you have to run over to your neighbor's to telephone?

You will find that the cost of telephone service is much less than it is worth, so valuable that you'll wonder how you ever got along without it.

Better apply for a telephone today.
